PRESIDENT'S MESSAGE

ROTARACT CLUB OF ALUMNI OF UNIVERSITY
OF MORATUWA | RID 3220

Greetings from Rotaract Club of Alumni of University of Moratuwa!

Firstly, I would like to extend my pleasure in sharing my ideas with Rotaract Club of Mount Carmel College. Rotaract is a wonderful moment where we serve through volunteerism. A place where we can learn and grow as individuals. It's a journey where we can make an impactful change to the world that we live. As the 11th president of Rotaract Club of Alumni of University of Moratuwa, me and our diversified membership are geared up to write the final chapters of the 11th episode of our club with the year theme of "Limitless You for a Passion Driven Future".

We jointly worked on the projects such as "cook to connect 2.0" where we exchange our food recipes while doing a dry rations donation in both the countries, and Mythical Mysteries", a captivating exploration of diverse stories and folklore that bridged nations and formed enduring bonds, joint general meetings; and lastly this wonderful bulletin - Limitless Voyage .

I would take this moment as an opportunity to thank the President, Secretary and the Board of officials of Rotaract Club of Mount Carmel College for collaborating with us in RI year 2023-24. I hope that this publication will further strengthen our bond and lead to more fruitful collaborations in the future. Together, we can do better. Thank you!

Warm Regards,

COOK TO CONNECT 2.0

We are thrilled to share the success of our collaborative project, "Cook to Connect 2.0", undertaken by Rotaract Club of Alumni of University of Moratuwa and Rotaract Club of Mount Carmel College. This project aimed to promote service to our communities, cultural exchange, education and social connection through the universal language of food. In three exciting phases, we embarked on a journey of culinary exploration, gaining new knowledge and experiences while contributing to our communities.

Chairpersons:

Sachin Abeysinghe | Manulji Gunarathne |
Chirasvi Kuttappa | Sanjana Kalaiah

• PHASE 1

All members were invited to share their favorite comfort foods on their Instagram accounts in an "Instagram story challenge". They then nominated fellow Rotaractors to do the same. This phase was designed to celebrate the diversity of our culinary traditions and foster cultural exchange among our members, educating each other of a crucial element of our cultures.

• PHASE 2

Participants were provided with authentic recipes from each country and were encouraged to try them. They also documented their culinary experiences and shared the cooking process in a joint meeting.

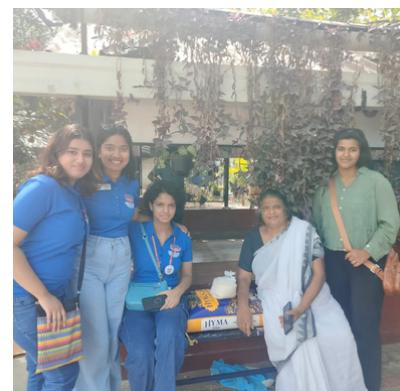

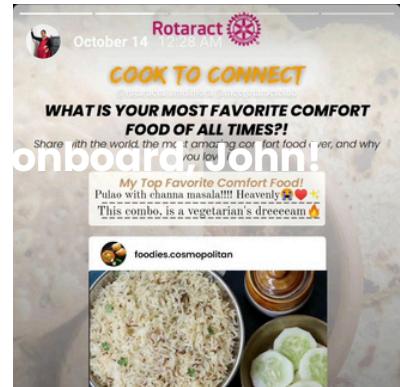

This phase promoted cross-cultural understanding and encouraged exploring and appreciating the culinary heritage of each other's countries.

• PHASE 3

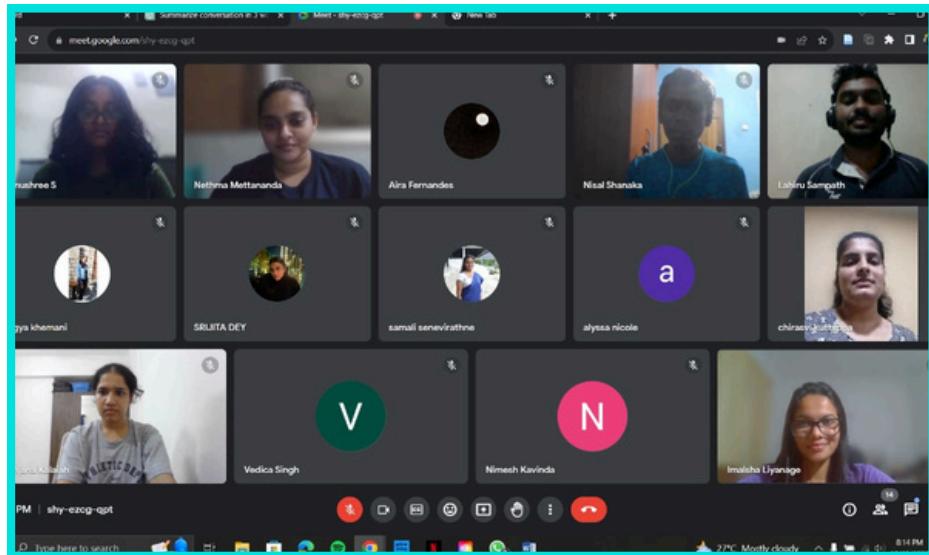

The final phase of "Cook to Connect 2.0" focused on giving back to our communities. Both clubs collaborated to distribute food-related donations and food packets to low-income individuals in our respective countries. This phase reinforced our commitment to service and demonstrated how food can be a powerful tool for social impact and community support.

Mythical Mysteries

World Day of Myths & Legends

- In celebration of the World Day of Myths and Legends, we embarked on a captivating cultural exchange project titled "Mythical Mysteries". Through this enchanting journey, we delved deep into the rich tapestry of cultural and religious elements of India and Sri Lanka, unearthing a treasure trove of stories and folklore.

-
- It was a mesmerizing exploration, where the borders between our two nations dissolved, and united us through the common threads of shared mythology. As we immersed ourselves in these ancient tales, not only did we discover the fascinating similarities between our cultures but also celebrated the unique nuances that make each story special.

A virtual voyage through
myths and legends!

We shared, learned and enjoyed the exciting and unique aspects of our vibrant cultures...

TOGETHER WE STAND - LETTERHEAD EXCHANGE

As part of the "Together We Stand" project, Rotaract Club of Alumni of University of Moratuwa and Rotaract Club of Mount Carmel College initiated a Letterhead Exchange for the second consecutive year.

Chairpersons:

This exchange marked one of the initial steps in building connections and fostering collaboration between our two clubs for the Rotary International year 2023-24. By exchanging letterheads, we symbolically affirmed our commitment to working together and supporting each other in our shared mission of service and community impact.

The Letterhead Exchange not only served as a formal acknowledgment of our partnership but also laid the foundation for future collaborations and joint initiatives between our clubs. It was a meaningful gesture that reinforced the spirit of unity and cooperation, setting the stage for a productive and fulfilling year ahead.
