# PRESIDENT'S MESSAGE

As we approach the end of another remarkable year, I am honored to present my words as the president of Rotaract Club of Alumni of University of Moratuwa. We embarked on a journey guided by our year's theme, "Thriving Towards Excellence Through Fellowship," a path that required us to unite and overcome the challenges posed by the current economic situation in Sri Lanka. However, with resilience and determination, we overcame these hurdles and achieved remarkable milestones together.

Our commitment to the Club Service avenue remained steadfast throughout the year. We continued our project "Let's Meet" to foster stronger friendships among club members, providing a platform for meaningful connections to flourish. Additionally, our initiatives "Mithuru Sulanga" and the new endeavor "Rotransylvania" aimed to build healthy relationships among peer clubs, while expanding our network and extending the spirit of fellowship to previously untouched zonal clubs via the project "Fellowship Diaries". This avenue has been a constant source of spirit and enthusiasm since the beginning of our journey.

In the Community Service avenue, our signature project, "Kindred Kidneys," reached its fourth year of service. We extended support to patients suffering from Chronic Kidney diseases and their families, bringing hope and solace during their challenging journey. Furthermore, the project "Share the Joy" enabled us to spread happiness and share moments of joy with marginalized communities,

making a tangible difference in their lives. Moreover, the "Marathon Towards Greenery" project focused on riverbank conservation through extensive tree plantation, ensuring the preservation of our environment.

Exploring new horizons in the International Service avenue, we engaged with Rotaract clubs from around the world, driven by our passionate team. The project "United We Stand" allowed us to form strong connections and collaborations globally, fostering international friendships. Furthermore, we established a new twin club agreement with the Rotaract Club of Mount Carmel College, India, enhancing the bonds of friendship and cooperation between our clubs.

The Professional Development avenue witnessed the success of our flagship project, "En-Vogue 2.0," which made a significant impact on the community and the rotaractors' growth and skill development. Through skillful training and hands-on experiences, we provided valuable opportunities to enhance their abilities and prepare them for future endeavors.

In addition to these endeavors, we launched "Mora Smash," a novel initiative in collaboration with the Rotaract Club of University of Moratuwa. This successful badminton tournament brought together sportsmanship, fellowship, and healthy competition.

Throughout the year, we completed an impressive total of 33 impactful projects, comprising over 60 sub-projects and phases. This achievement is a testament to the collective effort and dedication of the entire Alumni Mora team, as each member played an instrumental role. I extend my deepest gratitude to the board of directors, general members, and all those who have supported us along this journey. I would also like to express my appreciation to President Rtn. Kapila Mohotti of Rotary Club of Colombo West, Youth Service Director Rtn. PHF Tushani Samaranayake, and Guide Club Coordinator Rtr. Kawshi Yogaraja for their invaluable guidance.

Furthermore, I extend my heartfelt thanks to all the past presidents, secretaries, and especially my beloved secretary Rtr. Lakshani Pathirage for their unwavering support through all the highs and lows.

As we conclude this remarkable year, I must acknowledge the support and collaboration of DRR Rtn. Rtr. PP Ahamed Hussain and the District Steering Committee, as well as our fellow Rotaract clubs. It is through this shared sense of camaraderie and support that we have reached such heights.

As we bid farewell to this remarkable year, I wish Rotaract Club of Alumni of University of Moratuwa a future filled with even greater achievements, continued fellowship, and unwavering commitment to service. Together, let us strive for excellence and make a lasting impact in the lives of those we touch.

Viva La Rotaract!

**Rtr. Ayesh Weerasinghe**  
President 2022-23  
Rotaract Club of Alumni of University of Moratuwa

# SECRETARY'S MESSAGE

As we bring the Rotary International year 2022-23 to a close, I am filled with immense pride and gratitude as I reflect on the incredible journey we have embarked upon as the Rotaract Club of Alumni of University of Moratuwa. Under the theme "Thriving towards Excellence through Fellowship," we have not only celebrated our 10th year of service but also achieved remarkable milestones and made a lasting impact on our communities.

Our dedicated and talented member base has been the driving force behind our success. Together, we formulated comprehensive plans for the year, spanning across all avenues of our club. Our initiatives were designed with the aim of strengthening our local and international communities, preserving nature, and empowering our own members.

I am delighted to announce that we have written 33 impactful stories through over 1000+ hours of voluntary service across six avenues. These projects were born from

the collective experience and knowledge of our unified member base, consisting of budding professionals. It is truly inspiring to witness the dedication and passion with which our members have worked towards creating meaningful change.

Furthermore, we have fostered exceptional collaborations with fellow Rotaract clubs, Rotary clubs, and Interact clubs both locally and internationally. Through these partnerships, we have given life to the theme "Learn, Serve, and Strive" through fellowship. By joining forces, we have magnified our impact and worked towards a brighter future for all.

As we conclude another successful chapter, I extend my heartfelt gratitude to our astounding member base, past members, fellow Rotaract clubs, Rotary clubs, Interact clubs, and all other stakeholders who have supported us on this journey of service. Your unwavering commitment and support have made this chapter truly remarkable.

For me personally, this year has been a passion-driven learning curve, pushing me to excel in challenging situations and create greater impacts for our entire community. I am grateful for the invaluable lessons and growth I have experienced throughout this journey.

As we turn the page to a new chapter, let us carry forward the spirit of fellowship, excellence, and service. Together, we can continue to make a difference, inspire others, and create a brighter future.

Thank you, once again, for your dedication and unwavering support.

Viva La Rotaract

## Club Overview

In its tenth year running, Rotaract Club of Alumni of University of Moratuwa has continued to implement sustainable programs to serve the community as active engineers in the nation. Over the years, the club has also mentored and developed a strong relationship with Rotaract Club of University of Moratuwa. The club has worked hard and provided exceptional service in the years 2022–23, despite the circumstances of a global epidemic and numerous unprecedented situations. The club members' willpower and fortitude have enabled them to develop creative solutions to help the community, expand club membership, and foster friendship and goodwill with the global Rotaract community. The club started off with 20 members, and throughout the previous few years, its membership has increased to almost 100+ active members. The club's blooming efforts have always been supported by former members from all across the world.

The yearly theme of the club, "Thriving Toward Excellence Through Fellowship," emphasized the value of cooperating and helping one another to achieve its goals. The club's dedication to forging lasting bonds and establishing a sense of belonging among its members was embraced by Rotaract Alumni Mora. We believe that joining together in fellowship, it established a nurturing environment where everyone is inspired to pursue excellence and realize their best potential. Rotaract Club of Alumni Mora continues to do great things and have a significant impact on the world by growing and improving continuously.

The club has established itself as a comprehensive Rotaract club by finishing more than 30 projects across all 6 Rotaract Arenas this year. The club has kept its commitment to the principle of "Serve to Change Lives". It has continued its distinctive community service initiatives in Sri Lanka, such as "Suwa Arana" and "Share the Joy." The club was also successful in bringing back initiatives like "Mithuru Sulanga," which served as a signature initiative for bringing together Rotaract families from the University of Moratuwa and other Rotaract clubs. Also, "Let's Meet" and "Fellowship Diaries" are two other noteworthy projects that Club Service Avenue carried out this year. In addition, The Professional Development Avenue made a commendable job of creating initiatives including "DIYer," "Limitless Horizons" and "En vogue." Moving up to the international level, the international Service Avenue hosted the debating contest known as "Debractor" and "United We Stand" filled with many novel initiatives with foreign Rotaractors added more colors to the RI year. Programs like "Serpente," run by Environment Services Avenue, provide nature lovers with a new area to delve into.

The club was successful in bringing together a wide range of partners during the years 2022–23, including both Rotaract and non-Rotaract members from a variety of backgrounds, making this yearlong journey a collection of collaborative efforts to improve people's lives through sustainable and creative means.

# Club History

Rotaract Club of Alumni of University of Moratuwa, chartered in 2013 under Rotaract District 3220, is a community-based Rotaract Club sponsored by the Rotary Club of Colombo West. The club was established with the goal of enabling members who were leaving the University of Moratuwa Rotaract Club to continue their involvement in the Rotaract movement. The club also extends a warm invitation to University of Moratuwa alums to join Rotaract and start an exciting career in service. The group started out with 20 members, and within the previous few years, its membership has increased to over 100.

Rotaract Club of Alumni of University of Moratuwa has undertaken numerous projects throughout the years under its avenues of service, including Club Service, Community Service, Environmental Service, International Service, Professional Development, and Sports.

The signature projects conducted by the club over the past years include “Kindred Kidneys”, a project aimed

towards supporting communities suffering owing to Chronic Kidney Disease in Sri Lanka, “Marathon towards Greenery”, a series of projects aimed at conserving the environment aligning with the “Going Green” concept, “Mitrata”, International Service initiative with Rotaract Clubs in Nepal (RID 3292), “Debractor”, a friendly debate series with fellow Rotaractors from across, “Fellowship Diaries”, the globe and fellowship under specific audience, the club has won a number of accolades and recognitions for its initiatives over the past years.

With the theme “Thriving Towards Excellence Through Fellowship,” the club, which will enter its tenth year of service in 2022–2023, is working to achieve excellence through collaboration and support while highlighting the significance of fellowship in fostering individual and group growth toward success.

### District Rotaract Representative Visit

3<sup>rd</sup> of November 2022 @ At Royal Skills Centre

The District Rotaract Representative's (DRR) Visit for the year 2022-23 was held according to a quorum for a general meeting before the stipulated deadline with the gracing of the DRR Rtr PP Ahamed Hussain, District Treasurer - Rtr. PP Vidushith Jayasundara, Guide Club Coordinator - Rtr. Kawshi Yogaraja also attended the meeting. Then the meeting was terminated and the board of officials was then asked to join in for the progress evaluation of the activities carried out by the club.

### Assistant District Rotaract Representative Visit

27<sup>th</sup> of April, 2023 via Zoom

The Assistant District Rotaract Representative's visit was conducted as a board meeting prior to the stipulated deadline with the participation of the ADDR Rtr PP Shanel Mendis. He followed up on the inquiries of the DRR Visit and shared insightful suggestions for further improvements. He also commended the current progress of the club.

# Purpose

## General Meetings

The club regularly held monthly general meetings to keep our members informed about the progress of our activities, share special announcements, and foster a sense of camaraderie and community among our members. Throughout the year, we had the pleasure of hosting five joint general meetings with both our local and International Rotary International Development (RID) clubs. These meetings provided a valuable opportunity for us to come together, share ideas, and celebrate our shared commitment to service and making a positive impact in our communities.

## Board Meetings

On a monthly basis, the club's Board of Directors held meetings to provide updates on the progress of our club activities and ensure that our projects were moving forward in a streamlined and effective manner. These meetings were a critical forum for collaboration and strategic planning, allowing us to work together as a team to identify opportunities for growth, address challenges, and ensure that we were fulfilling our commitment to service and making a positive impact in our community. Throughout the 2022-2023 year, these board meetings served as a cornerstone of our success, helping us to stay organized, focused, and accountable to our members and the broader community we serve.

## Meeting Minutes & Reporting

At our club, we take great care to ensure that all meetings are thoroughly documented and circulated so that our members and stakeholders can stay informed about our activities and progress. Both our general meetings and board meetings are recorded, and detailed meeting minutes are submitted via our club's Rotary Management Information System (RMIS) on a monthly basis.

In addition to these recorded meetings, our president and board directors held regular meetings avenue-wise to discuss and update project plans. These meetings were a valuable opportunity for our leaders to collaborate and brainstorm together, leveraging their unique skills and expertise to ensure that our projects were moving forward in a strategic and effective manner. By maintaining these clear lines of communication and documentation, we were able to stay organized, focused, and accountable, driving our club's success and impact on our community.

## Venue

General Meetings and Board meetings were held mostly virtually on the Zoom platform due to the availability of the members in the evening hours. However, it was possible to hold five physical general meetings with a hybrid setup.

## Participation

Meetings were presided by the President, Rtr. Ayesh Weerasinghe whereas the Club Secretary, Rtr. Lakshani Pathirage joined the President at the Head Table. Occasional participation of other guests such as District Committee Members, Past Members, International Rotaractors, and Guest Speakers completed the gathering. The general meetings were open to both present members and prospective members.

## Excuses

To ensure that we maintained good levels of attendance and accountability among our members, our club implemented a method for tabulating excuses for any absences from our meetings. Prior to each meeting, members were notified in advance and invited to send in their excuses to President or the Secretary. This method proved to be highly effective, allowing us to track absences and ensure that our members were staying engaged and connected with our club's activities. At each meeting, the Club Secretary would read out the submitted excuses, allowing us to stay informed and up-to-date on the reasons for any absences.

## Features

In order to enhance the effective participation in virtual and physical setup, to make the club members more enthusiastic, and to get to know fellow Rotaractors from other clubs well, several activities and sessions were carried out during the General Meetings and the Joint General Meetings. Entertainment acts were performed by the members and Project "Speak Up 3.0", was a public speaking skills enhancement project for the enrichment of the members.

## Summary of General Meetings

Month	Date	Joint/ Club	Participant Count	Venue	Joined Club
July	3rd of July, 2022	Club	37	Via Zoom and Royal Skills Center, Colombo 7	-

# Chapter **04**

---

**STRATEGIC PLAN AND PROGRESSIVE DEVELOPMENT**

# SWOT Analysis

Strengths	Weaknesses	Opportunities	Threats
1. Experienced Rotaractors joining the club as new members.	1. Low membership retention	1. Steady membership source from Rotaract Club of University of Moratuwa	1. The ongoing economic crisis in the country
2. Local and international, diversified, and resourceful membership	2. No proper strategic plan to expand the membership	2. Strong connection with industry and higher education.	2. Lack of physical engagement reduces the connectivity between members.
3. Organized club protocols in place and well-established over the years	3. Limited membership engagement in external club projects	3. Club members can financially contribute to donations.	3. Difficulties in project planning and execution.
4. The majority of the members are from stable financial backgrounds	4. Delegation of responsibilities to general members.	4. Social Media platforms boost public image thereby strengthening fundraisers.	4. The majority of members are either at the start of their professional careers or in the Final year of undergraduate studies.
5. Members are saturated with different skills	5. Unavailability of a signature fundraising project.	5. Strong support from Rotary Club of Colombo West.	
6. A considerable number of members being a part of the District Steering Committee in the recent past	6. Less priority in raising funds for potential projects.		

# Rotaract Alumni Mora Brand

## Analysis

Secured a positive image in health sector through projects:

- Kindred Kidneys
- Suwa Arana

New sustainable initiatives:

- Envo Warriors
- Marathon Towards Greenery
- Professional development initiative to find solutions to the ongoing issues in Sri Lanka including power sector and environmental

## Rotaract Alumni Mora Brand

## Strategy Formation

Change of club perception by 2024:

- The main focus is on professional development avenue to utilize the resourceful membership in the best possible way.
- A club focused on environmental conservation and communal well-being.
- Raise funds for all the potential initiatives.
- Influence on the opportunities for Membership.

Ways to improve impact and public visibility

- Build partnerships with organizations
- Expand PR campaigns to mass media
- Encourage members to support ongoing PR campaigns to spread the word

## Goal Setting

Goals for Club in 2024:

- Recognize Rotaract Alumni Mora as a club synonymous with a strong community service avenue.

How to improve impact and public visibility?

- Expand Kindred Kidneys, Marathon Towards Greenery, Suwa Arana, and Envo Warriors as island-wide recognized projects.

## Structure

Action Plan to Achieve the Goals:

- Maintain strong social media profiles, the improved club website and blog.
- Build sustainable media, technical and organizational partnerships for signature projects.
- Implement initiatives and improve the sustainability of ongoing initiatives in environmental conservation, communal well-being, and professional development.

# Finance

## Analysis

- Financial stability: Average
- Sources: Donations and sponsorships

Finance

## Strategy Formation

Level of Club Membership due collection expected:  
100%

Ways to improve impact and public Visibility

- Build partnerships with organizations
- Expand PR campaigns to mass media

## Goal Setting

Goals for Club in 2024:

- Improving the club's financial stability to a sustainable position
- Establish a methodical procedure to monitor and prepare financial reporting documents.
- Strategic partnerships for the RI year 2023-24
- Acquire partners for all the potential projects

## Structure

Action Plan to Achieve the Goals:

- Build a strong brand that could benefit prospective sponsors.
- Facilitate membership fee collection through easy payment schemes.

# Membership

## Analysis

- Active Members : 83
- Prospective Members : 14
- Inactive Members : 154
- Terminated Members : 21

## Membership

## Strategy Formation

Current Club Membership Growth and Retention:

- Membership growth is satisfactory with the new active members count.
- Retention is satisfactory with the retained past members count.

## Goal Setting

Membership Goals for 2024:

- Increase active membership while considering the member engagement
- Transform about 40% of low participant members to active members.
- Identify and terminate inactive members using a standard procedure.
- Increase the number of members joining from Rotaract Mora annually by 30%.

## Structure

Action Plan to Achieve the Goals:

- Share more responsibilities with general members and revive inactive members by sending out special invites.
- Distribute tasks among many members and create more opportunities at the moment.
- Categorize members in the level of contribution to the club through proper tracking of contribution. (e.g.: finding sponsorships, donations, and project participation) and identify which members would like to discontinue their membership.
- Scale up, “Coffee with Alumni Mora” to introduce Rotaract Alumni Mora to the final-year undergraduates at UoM
- PD projects targeted at undergraduates would boost the image of Rotaract Alumni Mora within Rotaract Mora.
- Member appreciation and recognition

# Adaptation to Elevate Rotaract Policy Change

## Analysis

Club's readiness for the Elevate Rotaract:

- Updated By-Laws of Rotaract Club of Alumni of University of Moratuwa in effect of 01st of July 2021

## Goal Setting

Goals upon Elevate Rotaract Policy:

- 100% membership fee collection.

## Adaptation to Elevate Rotaract Policy Change

## Strategy Formation

Changes made in line to elevate Rotaract:

- Changes to Club by-laws: The membership age limit is extended to 35 years and is possible to extend the membership even further through a written notice.
- Continue with Membership fee Collection.

## Structure

Action Plan to Achieve the Goals:

- Implementation of an accurate termination procedure when the age limit is reached.
- Implementation of a Membership Management tracker to manage the member involvement throughout the year.

# Chapter 05

Club Membership

## Membership strategy for the year

The Rotaract Club of Alumni of University of Moratuwa is a community-based club made up of graduates and final-year undergraduates from the University of Moratuwa. Many of the club members were previously part of the Rotaract Club of University of Moratuwa. Throughout the 2022-2023 period, the club implemented various strategies outlined in an action plan to retain, attract, and develop an active member base. These strategies aimed to filter and improve the active membership, resulting in a shift from 130 to 83 over the course of 12 months. To achieve this, specific objectives were established to guide the formulation of different strategies for member retention and development.

The club aims to draw in new members from two key groups: Rotaractors who are leaving the Rotaract Club of the University of Moratuwa and graduates from the Faculty of Engineering, Faculty of Information Technology, Faculty of Architecture, and Faculty of Business. To achieve this, the club will implement strategies to attract and engage these individuals.

Additionally, the club plans to retain its active senior members by offering them leadership positions within the club. This will provide them with opportunities to actively participate in club activities and contribute to its growth and development.

Furthermore, the club intends to enhance the involvement of newly joined members in club activities. This approach will help them gain a deeper understanding of the club's dynamics and create a pathway to reach out to non-Rotaractors from the University of Moratuwa, expanding the club's membership base.

The club implemented a series of initiatives that engaged various stakeholders, including Rotaractors, non-Rotaractors, past members, present members, and prospective members from the Rotaract Club of Alumni of University of Moratuwa. These initiatives

aimed to foster inclusivity and collaboration among different groups.

- Allowing prospective members to actively participate in the management of projects. This approach not only provided them with valuable experience but also allowed them to contribute to the club's activities from an early stage.
- Building partnerships with organizations operating within the University of Moratuwa. These collaborations aimed to conduct sustainable initiatives that had a positive impact on the community and leveraged the resources and expertise available within the university.
- To attract new members, the club made efforts to establish a positive image of the Rotaract Club of Alumni of University of Moratuwa among undergraduate students. This was done to create awareness and generate interest in joining the club.
- The club aimed to revitalize and encourage senior or inactive members to actively engage in club activities. This was achieved through targeted communication, providing opportunities for involvement, and recognizing the value of their contributions.
- As part of membership management, the club identified inactive members and terminated their membership to maintain an active and committed member base.
- The club organized initiatives that catered to the specific needs and interests of alumni members, aligning with their lifestyles and expectations.
- The club provided benefits to members participating in sessions, acknowledging their involvement and contributions to the club's activities.

## Membership Statistics

Membership at year start	133
Number of newly joined members	20
Number of members retained from last year	63
Number of members terminated	70
Current membership	83

## Inductions

### a. Induction process

The promotion of the Rotaract Club of Alumni of University among the Rotaractors in the Rotaract Club of University of Moratuwa was facilitated through the administration of the Rotaract Club of the University of Moratuwa. Additionally, a dedicated session called "Coffee with Mora Alumni" was organized to communicate the club's dynamics and highlight the various opportunities it offers.

The induction of new members into the club was conducted on a monthly basis, allowing for a consistent influx of fresh members. In the 2022-23 period, a total of 16 new members were officially welcomed and inducted into the club as active members for the RI year 2022-23. The other 6 transferred members were under prospective and inactive categories at the end of the RI year.

### b. List of new inductions within the year

	Name of the member	Date of Induction
1	Samadhi Yashodara Gunawardane	18/07/2022
2	Dinithi Amarasinghe	18/07/2022
3	Akhila Seneviratne	18/07/2022
4	Athuraliya Udawatta Gamacharige Tharindu Priyankara	22/07/2022
5	Supuna Poornima Warusawithana	22/07/2022
6	Nikith Fernando	22/07/2022
7	Kapugama Geeganage Jayami Dasunika Alwis	22/07/2022
8	Ganeshamoorthy Abirame	22/07/2022
9	Herath Pathiranage Deshan Chathuranga	22/07/2022
10	Dilina Kosgoda	22/07/2022
11	Samali Dewni Senevirathne	22/07/2022
12	Podduwage Susinidu Suharda Silva	28/02/2023
13	Pattidurage Thisali Poornima De Silva	28/02/2023
14	Uggallage Nimesh Kavinda	20/03/2023
15	Danushi Pabasvarie Suriyarachchi	20/03/2023
16	Avarjana Dasun Panditha	29/03/2023
17	Apsara Sandaruwani Kularathna	29/03/2023

18	Nirodha Sampath Sandaruwan	29/03/2023
19	Viyannalage Sathira Nipun Wijerathna	29/03/2023
20	Rajapaksha Mudiyanselage Samanthika Priyadarshani	29/03/2023

### c. Interactors who joined within the year

According to the club's by-laws, only alumni members of the University of Moratuwa are eligible to join the Rotaract Club of Alumni of University of Moratuwa.

As a result, no interactors, who are current students of the university, were able to join the club during the Rotaract year 2022-23.

## Terminations

### a. Termination Process

To identify inactive members and those who wished to terminate their membership, a membership survey was conducted using email and Google Forms. All existing members listed in the club registry as of December 2022 were informed about the survey and requested to respond by December 25th, 2022. The survey aimed to gather information on their willingness to pay membership fees and continue their membership or terminate it.

After reaching mutual agreements with members who wished to terminate their membership and identifying inactive members, the Rotaractors in question were terminated from the RI Portal by December 31st, 2022. Also, Made them Inactive in RMIS Portal. This process ensured an updated and active membership list for the club.

### b. List of terminations within the year

	Name of the member	Date of Termination	Date of Admission
1	Chamara Wijaya Bandara Herath	2022-09-19	2013-11-04

## 10th Installation Ceremony

<b>Date</b>	: 05-07-2022-20-08-2022
<b>Chairpersons</b>	: Rtr. Manul Thenuka Karunasiri, Rtr. Nikith Fernando
<b>Secondary Avenue</b>	: N/A

The installation ceremony of Rotaract Club of Alumni of University of Moratuwa was held for its 10th consecutive year to install the president of the club for the Rotary International year 2022-23, Rtr. Ayesh Weerasinghe and his Board of Directors. The event was held on the 20th of August 2022 from 9 a.m onwards at “Royal Skills Center, Colombo” and also it was premiered on Facebook as a live event.

The ceremony accompanied the presence of the President of Rotary Club of Colombo West - Rtn. Kapila Mohotti as the Chief guest, Assistant Rotaract District Chair - Rtn. Shewantha Rodrigo as the Guest of Honour, Mr. Sasanka Jayadasa as the Keynote Speaker, Youth Service Director of Rotary Club of Col West - Rtn. Tushani Samaranayake, District Rotaract Representative - Rtn. Rtr. PP Ahamed Hussain, Rotaract District Steering Committee members as invitees and members of the Board of Directors for the RI year 2022-23 and 2021-22. The audience of the ceremony comprised Rotaractors from fellow clubs, Rotarians, Interactors and all past and present members of the club who also added well wishes to the ceremony. Accordingly, following the formalities of the event, the ceremony showcased the journey of the club during the Past Rotaract year through the secretary's report delivered by the Secretary

2021-22, Rtr. Sithmi Lawanga. The progress of each avenue, milestones reached and recognitions won by the club were highlighted when reminiscing a successful year which was concluded with grandeur. The event was then followed by the addressing of the Outgoing President, Rtr. Kavinda Senaratne which summarized another fruitful year of the Rotaract Alumni Mora Journey. The limelight of the event, collaring of the incoming president, Rtr. Ayesh Weerasighe was done symbolically by the Outgoing President, Rtr. Kavinda Senaratne. The event also showcased the theme of the year “Thriving Towards Excellence through Fellowship” and how the vision of the club was aligned with this theme in the ambitious journey in the future. The words of well wishes and guidance given by the invitees were able to heighten the value of the 10th Installation Ceremony of the club. President, Rtr. Ayesh Weerasinghe presented the tokens of appreciation to all the guests for being continuous pillars of strength of the club. To mark the end of the occasion, Rtr. Lakshani Pathirage, Secretary delivered the vote of thanks after the felicitation of friends in Rotaract and friends of Rotaract. Finally, President, Rtr. Ayesh Weerasinghe Terminated the 10th Installation Ceremony of Rotaract Club of Alumni of University of Moratuwa and opened the flow for fellowship.

### **Impact of the project:**

#### **Short Term**

Scaling up the fellowship element among peer club members.

#### **Long Term**

Enhancing team working and collaboration skills of the members.

## Board Training Summit

**Date** : 08-07-2022 - 02-10-2022

**Chairpersons** : Rtr. Manul Thenuka Karunasiri, Rtr. Nikith Fernando

**Secondary Avenue** : N/A

BoD Training Summit 2022 is the annual board training conducted for the board of Directors for the year 2022-23. The main aim of the project is to enhance collaboration between the team and provide an insight into the service done by Rotaract as Youth leaders. Due to the prevailing economic situation in the country, the training program was planned to be conducted as two phases; a virtual phase and a physical phase.

The first phase of the project which was a virtual gathering of the board of directors was held on 17th of July 2022 and the second phase was held in a span of two days at the Ramadia Ranmal Hotel, Moratuwa as a physical gathering on 1st and 2nd of October 2022. The second phase of the project comprised a physical gathering at Ramadia Ranmal Hotel, Panadura on 1st and 2nd of October, 2022. which gathered many of the members from the newly appointed board. Firstly, day 1 consisted of

Enabling the members to get an understanding of the role of a youth leader and the alignment of service and passion through the service rendered by the Rotaract Movement.

a session on SDG's conducted by Rtr. PP Himantha Alahakoon. Then an experience and knowledge sharing session was held with the collaboration of Rtr. PP Himantha Alahakoon, Rtr. PP Hasitha Prshan, Rtr. PP Anju Cheran and Rtr. IPP Kavinda Senaratne while enabling the members to get an understanding of the role of a youth leader and the alignment of service and passion through the service rendered by the Rotaract Movement. The possible challenges and strategies in overcoming these challenges were also discussed. As the last session for day 1, a session on Rotaract By-laws was conducted as a group activity by Rtr. IPP Kavinda Senarathne. The first day night and second day morning board members had a relaxing time with delicious food, music and pool activities while strengthening the bond between the members. These activities enhanced the interaction between the members which enabled the members to mingle together in achieving the goals of the club as one team.

#### **Long Term**

Enhancing team working and collaboration skills of the members.

## Club Trip

<b>Date</b>	: 20-03-2023 - 01-05-2023
<b>Chairpersons</b>	: Rtr. Manul Thenuka Karunasiri, Rtr. Nikith Fernando
<b>Secondary Avenue</b>	: Membership Development & Retention

The Rotaract Club of Alumni of University of Moratuwa organized a two-day trip to Matale on April 30th and May 1st, 2023. The purpose of the project was to provide an opportunity for club members to explore the natural beauty of Sri Lanka's hill country, build camaraderie and create unforgettable memories. The trip included visits to several popular tourist destinations in Matale, including the Sembuwaththa, Riverston, Pitawala Pathana, and the Knuckles Mountain Range.

The project was organized by the club service directors, with the support of the members. The committee worked tirelessly to plan and execute a successful trip, including arranging transportation, meals, and accommodations. The club collaborated with the Rotaract Club of Matale, which provided invaluable support and resources to make the project a success.

**SDGs and Rotary focus areas covered:** N/A

### Impact of the project:

#### Short Term

**Improved Relationships:** The trip to Matale helped strengthen the relationships between the club members, as they spent quality time together in a relaxed and fun setting. It also provided an opportunity for the club members to build new friendships and network with other Rotaract clubs.

**Increased Knowledge and Awareness:** The project provided an opportunity for the club members to learn about the local culture and environment of Matale, and also to gain hands-on experience in project planning and execution. This increased their knowledge and awareness of the challenges and opportunities of rural communities in Sri Lanka.

**Positive Feedback:** The project received positive feedback from the project's target audience, volunteers, and society at large. The project was successful in achieving its goals and objectives, and the participants enjoyed the experience.

#### Long Term

**Increased Community Engagement:** The project is expected to have a lasting impact on the club members, encouraging them to become more involved in community service and engagement. This will benefit the society at large, as the club members will be better equipped to contribute to the development of their local communities.

**Improved Organizational Skills:** The project provided the club members with hands-on experience in project planning and execution, which will improve their organizational and leadership skills. This will enable them to take on more complex projects in the future and make a greater impact on society.

**Strengthened Relationships:** The project helped to strengthen the relationships between the Rotaract Club of Alumni of University of Moratuwa and the Rotaract Club of Matale. This will facilitate future collaboration between the two clubs, enabling them to work together on larger projects that have a greater impact on society.

## Let's Meet

<b>Date</b>	: 23-07-2022 - 2023-04-10
<b>Chairpersons</b>	: Rtr. Manul Thenuka Karunasiri, Rtr. Nikith Fernando
<b>Secondary Avenue</b>	: Membership Development & Retention

The "Let's Meet" project was a club service initiative organized by the Rotaract Club of Alumni of University of Moratuwa. The aim of the project was to bring club members together on a monthly basis to have fun, spend quality time together, and create new bonds and friendships. Over the course of a year, five "Let's Meet" events were organized, each with a unique theme and experience.

The first event was a virtual session titled "Truth and Lies," which was held until midnight on a holiday. The second event was a virtual "Guess the Song" competition. The third event was a special Christmas

celebration with the children at the Noguchi Child Development Center in Boralesgamuwa, where members were able to share gifts and make a donation to the center. The fourth event was a "Cricket Night," where members were able to play cricket with each other at Club Fusion, Boralesgamuwa. Finally, the fifth event was a collaboration with International Services Avenue, where a "Trivia Night" was held with members of the Rotaract Club of Mount Carmel College, India to celebrate the international day of Happiness together.

**SDGs and Rotary focus areas covered:** N/A

### Impact of the project:

The project scope of the "Let's Meet" project was to gather club members monthly to have fun, spend quality time together, and create new bonds and friendships. The project aimed to create a sense of community and belonging within the club, as well as provide opportunities for personal growth and development for its members. The short-term outcomes of the project were visible within the first year of project implementation. The project brought club members closer together and helped to create a stronger sense of community and belonging within the club. Members were able to form new relationships and create a sense of shared purpose, which helped to strengthen the overall functioning of the club.

The project also provided opportunities for personal growth and development. Members were able to take on different roles in organizing the events, such as event planning, fundraising, and project management. By doing so, they gained valuable experience and developed new skills that will serve them well in their personal and professional lives.

The long-term outcomes of the project are expected to have a lasting impact on the project target audience, volunteers, and society at large. By creating a stronger sense of community and belonging within the club, the project is expected to lead to more active participation from members, as well as increased retention rates. This will help to ensure the long-term sustainability of the club and

The project is also expected to have a positive impact on society at large. By providing opportunities for personal growth and development, the project is helping to create a group of young professionals who are equipped with the skills and experience needed

to make a positive impact in their communities. These individuals will be better prepared to take on leadership roles and contribute to the development of their communities.

## Coffee with Alumni Mora

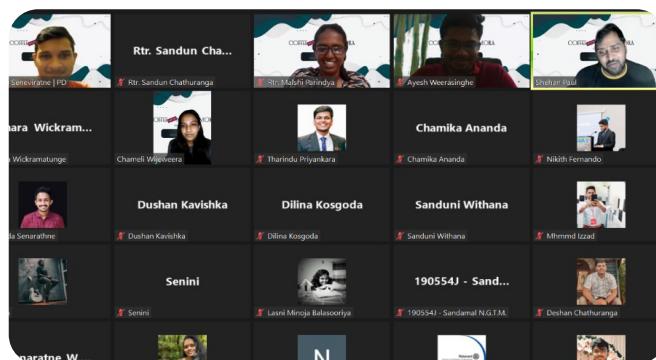

**Date** : 13-09-2022 - 08-10-2022

**Chairpersons** : Rtr. Sandun Chathuranga, Rtr. Malshi Kulathunga

**Secondary Avenue** : Membership Development and Retention

“Coffee with Alumni Mora” was held on 8th Oct 2022 from 7.00 p.m. onwards via Zoom as a virtual event. “Coffee with Alumni Mora” is the orientation programme organised by the Rotaract club of Alumni of University of Moratuwa which was organised aiming to approach the freshers batch (batch 19th) of University of Moratuwa. However, it was not exclusively for the 19th batch but for all the senior batches as well, who have not yet engaged with the Rotaract club of Alumni of University of Moratuwa.

The objective of this event was to spread awareness among undergraduates of University of Moratuwa regarding the events and activities carried out by the Rotaract club of Alumni of University of Moratuwa. Therefore, directors from every avenue presented what they have done and the plans going forward in

this RI year in their respective avenues. In between those presentations, there was an entertainment item to cheer up the crowd. At the end of the event, a Kahoot quiz was conducted to see how the crowd was involved with the presentations throughout the event as a measure of their engagement.

The smooth execution of the event was achieved by the support of all the board members of the club, and the organising committee led by two chairpersons. Accordingly, PR activities, event planning and coordination of activities were shared among the committee members and directors of every avenue for the proper execution of the event.

Rtr. Sandun Cha... Rtr. Sandun Chathuranga Rtr. Malshi Kulathunga Rtr. Malshi Kulathunga Rtr. Gihara Wickram... Rtr. Gihara Wickramasinghe Rtr. Tharindu Priyan...

What is Professional Development?

The avenue of Professional Development mainly focuses on the individual development of the membership of Rotaract District 3220.

**SDGs and Rotary focus areas covered:** N/A

### Impact of the project:

#### Short Term

Bringing new faces to the club membership base by targeting the youngest batch that we could approach.

#### Long Term

Engaging them and retaining them with the club to strengthen the membership.

Enhancing team working and collaboration skills of the members.

## Fellowship Diaries

<b>Date</b>	: 2022-10-01 - 2023-05-02
<b>Chairpersons</b>	: Rtr. Nikith Fernando, Rtr. Manul Thenuka Karunasiri
<b>Secondary Avenue</b>	: N/A

The “Fellowships Diaries” project, organized by the club service avenue of Rotaract Club of Alumni of University of Moratuwa, aimed to expand the bonds between Rotaract clubs, foster new friendships and fellowships, and contribute to the betterment of society through collaboration. The project was conducted in three phases, each of which involved visits to different Rotaract clubs in various parts of the country. In the first phase, the project team visited the Rotaract Club of Hatton Kotagala for a two-day visit. During this visit, the team participated in a range of activities, including cultural exchanges, food exchanges, and sightseeing tours of the area. The visit provided an opportunity for members of both clubs to get to know each other better and form new friendships and connections. In the second phase, the team visited the Rotaract Club of Negombo

**SDGs and Rotary focus areas covered:** N/A

### Impact of the project:

The “Fellowship Diaries” project had a significant impact on the project target audience, volunteers, and society at large. In the short term, the project fostered new friendships, strengthened bonds between Rotaract clubs, and contributed to the betterment of

In the long term, the project had a lasting impact on the participants and society at large. For the project target audience, the visits and activities provided opportunities for personal and professional growth, as they were able to learn from one another, share ideas and best practices, and develop leadership skills. For the volunteers, the project provided an opportunity to give back to society, connect with like-minded individuals, and expand their network of contacts.

for a day of fellowship and fun. The visit included a visit to an elder's home in the area, where the team arranged dinner and made donations to Anadapura Children's Home, Katana, Negombo. Following this, the team visited a church and the beach with the members of both clubs, allowing for further bonding and fellowship.

In the third phase, the team visited the Rotaract Club of Matale along with the annual trip of the club. During this visit, the team engaged in various activities, including sightseeing tours, fun activities, fellowship, and a tree plantation program in the Naula area beside the feeder canal of Kandalama Wewa, branching out from Sudu Ganga.

society through collaboration and service activities. These short-term impacts were evident in the smiles, laughter, and sense of camaraderie that were shared among the participants during the visits and activities.

For society at large, the project had a significant impact through the service activities that were carried out. The visits to the elder's home and the tree plantation program contributed to the betterment of the environment and the welfare of society's most vulnerable members. The project also helped to promote the values and mission of Rotaract, including service, fellowship, and leadership development, to a wider audience.

# Joint Projects

## Alumni Ape Awurudu

<b>Date</b>	: 10-04-2023 - 25-04-2023
<b>Chairperson</b>	: Rtr. Lakshani Pathirage
<b>Secondary Avenue</b>	: Membership Development & Retention

“Alumni Ape Awurudu” is a collaborative project organized by Rotaract Clubs of Alumni of University of Moratuwa and Rotaract Club of University Alumni. It falls under the Club Service avenue and is designed to celebrate the Sinhala and Tamil New Year. The primary objective of this project is to bring together the members of both clubs and strengthen the bond between them through a fun-filled and culturally rich event.

The event includes various traditional New Year games that are commonly enjoyed during Sinhala and Tamil New Year celebrations. These games include musical chairs, guessing awurudu songs, balloon popping, and balloon dancing, among others. By incorporating these popular games, the project aims to create an atmosphere of joy and excitement while also promoting the cultural significance of the Sinhala and Tamil New Year.

**SDGs and Rotary focus areas covered:** N/A

### Impact of the project:

#### Short Term

Improved relationships: The project brings the members of both Rotaract clubs together, fostering stronger bonds and friendships among them. This immediate impact can lead to increased collaboration and joint initiatives between the two clubs, creating a sense of unity and teamwork.

Increased cooperation: The joint general meeting and the shared experience of organizing the event promote collaboration and idea-sharing among the members. This increased cooperation can pave the way for future joint projects and initiatives that benefit both clubs and the community.

#### Long Term

Stronger network: The improved relationships and collaboration between the members of both clubs create a stronger network of professionals working towards common goals. This network can lead to long-term friendships, professional connections, and continued support among the members.

Cultural preservation: The increased awareness and appreciation of Sri Lankan cultural heritage contribute to the preservation and promotion of traditional practices and customs. Participants may become ambassadors of their culture, ensuring its continuity and passing it on to future generations.

**Cultural appreciation:** The project exposes participants to the rich cultural heritage of Sri Lanka through traditional New Year games, activities, and the awurudu table. This experience fosters a greater awareness and appreciation of their cultural roots, contributing to a sense of pride in their heritage.

**Leadership development:** The project provides an opportunity for participants to develop their leadership skills through planning, organizing, and executing the event. These enhanced leadership skills can have long-term benefits, enabling individuals to take on leadership roles within their clubs, careers, and

## Mithuru Sulanga

<b>Date</b>	: 25/01/2023 - 28/04/2023
<b>Chairpersons</b>	: Rtr. Yohan Madusha , Rtr. Amila Dilshan
<b>Secondary Avenue</b>	: Membership Development & Retention

Mithuru Sulanga is the project where the Rotaract Club of University of Moratuwa and Rotaract Club of Alumni of University of Moratuwa meet their club members and develop a strong bond with each other. On that day there is a musical show to relax and enjoy the night. It's the place where the current and past members of Rotaract Mora come together to showcase their musical talents. With the intention of expressing gratification and inspiration to the fellow Rotaractors who are constantly striving to make projects a success, the evening was an

attempt of bringing happiness and joy to all those who participated.

All members were dressed in sarongs and lungis to embrace the mellifluous melodies. Additionally, the event included a session of stand-up comedy. Overall, "Mithuru Sulanga" was a wonderful celebration of music and fellowship that left an indelible impression on all Rotaractors and non-Rotaractors who participated in the evening.

**SDGs and Rotary focus areas covered:** N/A

### Impact of the project:

#### Short Term

Providing entertainment to the members of the Rotaract Club

#### Long Term

- To develop the friendship between Rotaract Mora and Rotaract Alumni Mora. This project provided a great opportunity for the members of the two clubs to get to know each other and share their experiences with each other. This helped immensely the present members of Rotaract Mora to get knowledge and ideas from the members of the Rotaract Alumni Mora.

- To improve the coordination and friendship with the other Rotaract clubs of the whole Rotaract District 3220. This musical experience helped to develop the friendship and connection between the members of the Rotaract clubs of the whole Rotaract District 3220 making it possible to organize even larger events in the future.

- To give an idea about the Rotaract club to the fresher members. The members of the fresher batch also got the opportunity to take part in the event held this year. This helped them to take an idea about the club and the services and events done by it while improving their mutual cooperation with each other.

## Ro Transylvania

<b>Date</b>	: 01-09-2022 - 22-10-2022
<b>Chairperson</b>	: Rtr. Sithira Liyanage
<b>Secondary Avenue</b>	: Membership Development & Retention

Ro Transylvania is a joint project organized in collaboration with Rotaract Club of Colombo Central and Rotaract Club of Cinnamon Gardens. It was hosted orienting the halloween month of October and successfully celebrated with great pomp and show on the 22nd of October at DHPL conference center. The spooky party started at 6.00p.m with the participation of many Rotaractors and non-rotaractors.

Upon arrival at the party, the host tape an index card to each guest's back. The card says the name of a character from a scary movie or Halloween-themed movie or TV show. Guests have to ask other guests questions to help them guess their own identity.

Who am I? gave a kick start to the party and broke the silence. Next up, the Halloween balloon dance to the lovely halloween themed music made the audience more enthusiastic. Then the most awaited Pumpkin carving game started as a group activity to carve the pumpkin with creativity and novelty. Next inline Halloween cosplay performance hosted, while bringing our favorite halloween themed character to life. Gifts were presented to the winners of balloon dance, pumpkin carving game and cosplay performance. Party wrapped up by opening the flow to the DJ. Koththu for dinner was served to all the participants. Photography and face painting stall added an extra color to the halloween party.

**SDGs and Rotary focus areas covered:** N/A

### Impact of the project:

#### Short Term

Improved overall club images and social media reach and Organizers were able to provide a platform for both SMEs to promote their brands.

#### Long Term

Proving that the clubs still have the capacity and manpower to organize and to successfully execute. The event set a foundation for future joint projects and fellowship between the host clubs.

## Boom Town

<b>Date</b>	: 01-08-2022 - 17-09-2022
<b>Chairpersons</b>	: Rtr. Iroshan Vidanage, Rtr. Kavinda Senarathne
<b>Secondary Avenue</b>	: N/A

The Rotaract Clubs of Colombo Heritage, Alumni of University of Moratuwa, University of Colombo Faculty of Management and Finance's flagship initiative, which comprised of a food festival and open mic party. The main objective is to raise finance for the clubs and promote small and medium enterprises.

The event held on the 17th of September 2022, at the Henry Pedris Grounds, Colombo -05 from noon onwards. Rotaractors, Interactors, Rotarians and the general public participated for the event, which was also heavily promoted on various social media platforms. This was a good initiation to strengthen the bond between club members and engage fellow Rotaractors of Rotaract in Rotary District 3220 in this fellowship evening.

At the event, there were numerous festive food stalls, clothing, and a variety of consumer goodies catering to the joy of indulgence. It's a great strength for all the small and medium enterprises to promote their brand and build a brand.

The event was colorful with tunes of songs and musical rhythms that were performed by own Rotaractors in Rotaract in RI District 3220. Apart from being a major fellowship event in the calendar, BoomTown was also a platform that helped in identifying and making a stage for the talents of prospective members in the hosted clubs. It was the best ever experiences of the tastiest food and a melodious musical vibe.

**SDGs and Rotary focus areas covered:** N/A

### Impact of the project:

In the short term, the host clubs were able to raise finances for club affairs, and also successfully improved overall club images and social media reach.

In the long term, Boomtown was perhaps the first large scale open event organized by the host clubs after

the COVID 19 pandemic and Sri Lankan government collapse/economic crisis, proving that the clubs still have the capacity and manpower to organize and successfully execute demanding large-scale endeavors.

The event also set a foundation for future joint projects and fellowship between the host clubs.

# COMMUNITY SERVICE

## PROJECT OVERVIEW

# Club Projects

## Kindred Kidneys

**Date** : 03-07-2022 - 31-05-2023

**Chairperson** : Rtr. Kaumada Gunasekara, Rtr. Dinithi Fernando

**Secondary Avenue** : Marginalized Communities / Health, Safety and Communal Well-Being

Kindred Kidneys is a signature community service initiative by the Rotaract Club of Alumni of the University of Moratuwa which was initiated in the year 2019 to support patients suffering from Chronic Kidney Disease in Sri Lanka. The year 2022-23 marks the fourth consecutive year of the project conducted with numerous subprojects that were expanded to an even wider scope than the previous phases of the project. This year, project comprised two subprojects namely;

- Kindred Kidneys Scholarship Program ('Kindred Kidneys Shishyadara')
- Kindred Kidneys Donation Phase

### 1. Kindred Kidneys Scholarship Program (Kindred Kidneys Shishyadara)

Kindred Kidneys Scholarship Program which is conducted for the third consecutive time from its initiation in the year 2020-21 is a scholarship program which is aimed at supporting the education of the students who come from families affected by Chronic Kidney Disease. The kindred Kidneys scholarship program was established in order to provide a more sustainable solution for the financial issues faced by the families affected by Chronic

Kidney Disease. The cost of diagnosis of CKD which has to beared up by the families with such patients is often unabsorbable by families and any support which is extended toward these affected families would be highly valuable in order to overcome the effects of CKD which are not directly influenced in curing the disease but for the better survival of the patients and their family members especially children.

The criteria for the selection of scholarship awardees were selected from families that had members affected by CKD or deceased by CKD and faced financial instability for continuing their education. The students who were awarded the scholarship was mainly selected from financially unstable family backgrounds from the areas of Padaviya and Kesbawa.

The grant for each student amounted to LKR 5000 and was conducted over the 12 months (inclusive of the June transition period). The project continued even during the month of June which was the transition period of the club's administration to maintain the consistency of the support given to the four students that were awarded the grant in the year 2021-22.

Starting of the scholarship grant (for the year 2022-23): 1st of June 2022

Ending of the scholarship grant : 31st May 2023

Number of students supported : 4 students

Number of sponsors : 6

## 2. Kindred Kidneys Donation Phase

Kindred Kidney's donation phase was targeted at facilitating the essential needs of CKD patients. This included financial support rendered to Samastha Lanka Kidney Patients' Association (SLKPA) to get medicinal drugs and conduct medical tests for Kidney patients. The project was conducted upon a request by SLKPA to support the medication of CKD and support Dialysis treatment of Kidney patients during these economically unstable situations in the

country. This Year we donated 14 dialysis treatment kits.

This Year, we donated Rs. 118000.00 to purchase 12 Dialysis kits valued at Rs.101,285,000.00 (cost of one dialysis kit Rs. 8440.50) and cyclosporine 100 tablets (cost of 100 tablets Rs. 27,610.47) for the management of kidney patients' needs (SLKPA finance was used to fulfill the amount that was in short).

SLKPA is one of the largest healthcare organizations in Sri Lanka. They have a huge network in the country.

### Impact of the Project:

#### Short Term

Scholarships were great support for their education as all of their families were not in financial stability to provide good education.

CKD patients were able to their dialysis treatments as quick as possible.

#### Long term

Reducing patients suffering from kidney diseases and spreading more awareness on preventing

## Nena Sayura

<b>Date</b>	: 24-09-2022 - 14-05-2023
<b>Chairpersons</b>	: Rtr. Manula Thennakoon, Rtr. Thanuja Marasingha
<b>Secondary Avenue</b>	: N/A

Nena Sayura is a project aimed at assisting students who need support to uplift their educational status and encourage them to be innovative. It consists of an educational seminar series to teach and discuss subjects of the G.C.E. Ordinary Level exam and motivational sessions to guide students on how to learn a subject well, how to face an exam well, how to overcome challenges in their educational lives and give them inspiration by enlightening them about the opportunities that await them in the world. As a new initiative for this year, a book donation for children was also planned.

The project consists of three sub-projects: "Nena Pahana", which is the educational seminar series, "Inspire Their Future", which is the motivational session and "Aharunu Akuru", which is a new initiative to donate books for children. This year, both of the first projects were conducted for the Grade 11 students of St. Matthew's College, Colombo 09, and the book donation was done for the mini-library for the children at Lady Ridgeway Hospital.

The "Nena Phana" seminars were conducted for mathematics and science, as per the request of the school. The sessions were held every Sunday from 3 p.m. onward in a school classroom. Mainly, questions were discussed for several lessons, and at

the final stage, a model paper was discussed. During the sessions, the students were taught not only the subject matter but also how to face exam questions and do them as accurately as possible.

The motivational session, "Inspire Their Future", was conducted by a student of the University of Moratuwa who is well-experienced in conducting motivational sessions on 30th of October, 2022. His speech was targeted at how to prepare for an exam properly, how to overcome challenges in their educational life, and what the opportunities are in the country or world for a well-educated person. Then, some of our club members shared their experiences with the students about how they worked for their exams to achieve their goals. Finally, some videos were shown to them about university life.

"Aharunu "Akuru" book donation was done with the contribution of the club members, who donated many books including, children's story books, novels, educational books, and general knowledge books. Also, we bought more books with monetary donations from the club members. The donation was done on Children's Day, 2022 to the children of Lady Ridgeway Hospital for Children.

### SDGs and Rotary focus areas covered:

BASIC EDUCATION  
AND LITERACY

4.3 , 4.5 & 4.6

## Impact of the project:

### Short Term

Preparing students for G.C.E O/L exam

### Long Term

Providing students with the knowledge on several subjects

## Share The Joy

**Date** : 03-12-2022 - 18-03-2023

**Chairpersons** : Rtr. Gihara Wickramatunge , Rtr.Sasindu Thennakoon

**Secondary Avenue** : Marginalized Communities

The project Share the Joy was initiated with the goal of sharing the happiness of the birthdays of the Rotaractors within the community. We mainly target children's homes, schools, elder homes, and other community centers which need our support. The Rotaractors get to spend their birthdays meaningfully while bringing happiness to a little community.

This year, we did two Share The Joy projects. The first phase of the project was completed on 03-12-2022 at Wanarajah Tamil Vidyalam, Dikoya, Hatton along with the Rotaract Club of Hatton Kotagala. For the first phase of the project, we collected donations from the Rotaractors who celebrated birthdays in the months between May to September 2022. We donated essential stationery items for the school

children. The second phase of the project was done on 18-03-2023 at Anadapura Children's Home, Katana, Negombo. Rotaract Club of Negombo joined hands with us for this phase. Rotaractors who celebrated their birthdays in the months of October to April contributed financially to the project. We donated sanitary items and we contributed to their electricity bill. Also, we gave them a nice evening tea party along with good snacks and music.

On the project date, Rotaractors representing all clubs participated actively in donations and as well as sharing loving moments with the children. Both phases were executed successfully while giving a wonderful experience to the Rotaractors as well.

### SDGs and Rotary focus areas covered:

COMMUNITY ECONOMIC DEVELOPMENT

BASIC EDUCATION AND LITERACY

## Impact of the project:

### Short Term

fully covered the objective of the project.  
Donors, representatives, and prospective members expressed positive feedback on the project.

their quality of education, and quality of life, while being motivated to pursue their dreams.  
Get more prospective members who are passionate about community service.

### Long Term

children/Young adults in those venues will improve

Build up relationships with other clubs in the future as well.

## Suwa Arana

**Date** : 07/10/2022 - 09/03/2023  
**Chairperson** : Rtr.Danushi Pabasvarie Suriyarachchi  
**Secondary Avenue** : Health and community well being

### “Suwa Arana 22.2” blood donation camp, organized by Rotaract Alumni Mora

The objective of this humanitarian project was to fulfill the urgent blood requirement in the country. Suwa Arana's blood donation campaign was successfully held on the 19th of November 2022 from 9.00 a.m. to 4.00 p.m. at Sri Wijayarama Viharaya, Piliyandala premises in collaboration with Siri Wangeesa Dhamma School. The general public was targeted as the donors for the campaign through awareness programs organized by the temple and the club.

### Manoma webinar session 1- Mental well-being webinar session

Suwa Arana 22.3 Mental Wellbeing, webinar series organized by Rotaract Alumni Mora, held on 14th of December 2022 at 7.00 p.m. via Zoom platform with FB live broadcasting considering “How to balance the academic life and stress management” in Sinhala medium focusing on university undergraduates. The key speaker of the session was Psychotherapist

Mrs. Tharu Paranavithana, Former psychologist at Gampaha base hospital and Kiribathgoda Hospital, Visiting lecturer at the National police academy and Government Teacher training college Bolawalana, Director of The Helping Hand psychological hospital.

### Manoma webinar session 2- Physical well-being webinar session

“Manoma”, the second session of Suwa Arana ‘22.4’ Physical Wellbeing webinar series was held on 9th of March 2023 from 8.00 pm-9.30 pm via Zoom platform with live broadcasting on Facebook. The session was organized to raise awareness on “Physical fitness and healthy life” focusing on undergraduate students using both Sinhala and English language modes to communicate. The key speakers of the session panel were Dr.Hansaka Wijemuni, a Medical officer in the Cardiology unit at National Hospital, Kandy, and Dr.R.A.N.D Ranawaka, sports, and exercise medicine physician at the national hospital in Kandy.

### SDGs and Rotary focus areas covered:

3.3, 3.4, 3.8

DISEASE PREVENTION  
AND TREATMENT

## **Impact of the project:**

### **Short Term**

- To make awareness of mental health and stress management
- To make awareness of physical health and maintain a healthy lifestyle
- Provide necessary supply for the urgent blood required parties, Team Building, and membership development within the club members

### **Long Term**

- Be the support for the younger generations to build up their character and personality and balance out academic life.
- To minimize and prevent non-communicable diseases.
- To maintain the continuous blood supply for the requirements throughout the year

## Serpente

**Date** : 25/02/2023

**Chairperson** : Rtr. Samanthika Rajapaksha

**Secondary Avenue** : Environment, Wildlife & Animal Welfare

Serpente is an initiative led by Rotaract Alumni Mora that aims to create awareness about snakes and the need to protect them. Sri Lanka is home to 96 snake species, with 50 being unique to the island. Additionally, there are 13 sea snake species and 10 blind snake species in Sri Lanka. Unfortunately, human activities pose the biggest threat to snakes in Sri Lanka. Many people mistakenly believe that all snakes are poisonous and pose a danger to humans, which leads to the unnecessary killing of even non-poisonous snakes. Serpent's project includes a series of webinars and a donation phase chaired by Rtr. Samanthika Rajapaksha.

**SDGs and Rotary focus areas covered:** N/A

## **Impact of the project:**

### **Short Term**

- To raise awareness among people regarding snakes
- Aware the people about safe snake capturing methods, snake bite envenoming treatments, and rehabilitation.

On February 25th, a webinar on "Snake Capturing and Wildlife Conservation" was held, featuring Snake Rescuer, Mr. Bhasuru Prabashwara as the guest speaker. He shared his extensive knowledge on the topic, making it an informative and educational session for all attendees. The event was interactive, allowing for questions and discussions to further enhance the learning experience. The webinar was conducted in Sinhala medium and took place at Bodhiraja Primary College. By empowering participants with the right knowledge, this webinar aims to promote a better understanding of snake conservation and the importance of responsible wildlife management.

### **Long Term**

- To raise the accuracy of myths and beliefs about serpents

## Marathon Towards Greenery

**Date** : 2022-10-11- 2023-05-06

**Chairpersons** : Rtr. Kavishka Gunarathne, Rtr. Madurangi Guruge

**Secondary Avenue** : Environment, Wildlife & Animal Welfare

"Marathon Towards Greenery" is an initiative aimed at promoting the sustainable utilization of land ecosystems in Sri Lanka. Given the numerous natural disasters and adverse weather conditions experienced by the country in recent years, it is evident that there is a pressing need to enhance both urban and rural ecosystems and protect valuable ecosystems, which are essential for both aquatic life and human well-being. This project seeks to encourage tree planting and reforestation as a means to restore deteriorating land ecosystems. Furthermore to spread awareness on environmental-related general knowledge across the globe.

The initial step towards enhancing and revitalizing the ecosystems involves raising awareness and popularizing tree planting, particularly among the younger generation, to cultivate a sense of responsibility towards environmental protection. Planting trees in urban areas is crucial to maintain ecological balance and provide better living conditions for the citizens. The degradation of terrestrial ecosystems is primarily caused by construction activities driven by human needs. The current version of "Marathon Towards Greenery" comprises two sub-projects to address the above concerns.

### Gaga Addara

The project Gaga Addara was specifically focused on uplifting ecosystems and riverbank conservation close to rivers by planting and maintaining trees along riverbanks. Tree mortality in ecosystems has been declining steadily in recent years due to human activities. The main causes for the destruction of ecosystems can be traced back to damage to roots & soil through construction activities, competition from invasive plant species, and air pollution. Therefore, it

is necessary to improve these ecosystems to ensure livable, safe riverbanks with considerably better air quality.

Gaga Addara was successfully held on the 30th of April 2023 beside the feeder canal of Kandalama Wewa, branching out from Sudu Ganga in Matale, Naula area. This project was focused on improving the ecosystem in the Naula area and riverbank conservation of the feeder canal of Kandalama Wewa, branching out from Sudu Ganga by planting trees beside it. The Mahaweli Authority and the Timber Corporation was the partner for this project and donated around 60 Mee and Kumbuk plants to be planted beside the riverside. Especially Mr. C.K Abeywardana from the Timber Corporation also joined hands with us on that day and we had great support in the beginning also.

### Do You Know Flyer series

Do You Know is an environmental and wildlife awareness project done through social media platforms targeting the general public. The objective was to enhance the knowledge of unknown factors on the environment and wildlife across the globe. Furthermore to make eyes open and to motivate environmentally friendly livelihood. The flyer campaign was carried out on Facebook, Instagram, and WhatsApp platforms.

A New Ocean in Africa?, Woolly mammoths to be resurrected! FDA deems lab-grown meat safe to consume! Save the whales - stop climate change! Wax worms: the new saviors of plastic degradation! MSC is saving our blue whales, scientists expect the ozone layer above Antarctica to make an eventual recovery by the 2070s! are a few topics addressed through the Do You Know flyer series.

A New Ocean in Africa?, Woolly mammoths to be resurrected! FDA deems lab-grown meat safe to consume! Save the whales - stop climate change! Wax worms: the new saviors of plastic degradation!

MSC is saving our blue whales, scientists expect the ozone layer above Antarctica to make an eventual recovery by the 2070s! are a few topics addressed through the Do You Know flyer series.

### SDGs and Rotary focus areas covered:

14.2 & 14.8 15.1, 15.3, 15.5

### Impact of the project:

#### Short Term

Immediate increase in tree coverage along riverbanks, leading to improved aesthetics and ecosystem health in the Naula area.

Positive engagement and collaboration between the project organizers and the Mahaweli Authority fostered a sense of shared responsibility for environmental conservation.

Raised awareness among local communities about the importance of riverbank conservation and ecosystem protection

Immediate dissemination of information and knowledge on environmental and wildlife topics to a wide audience through social media platforms.

#### Long Term

Improved climate regulation and mitigation of the urban heat island effect through increased green cover along riverbanks.

Long-lasting community involvement and stewardship in the maintenance and protection of riverbank ecosystems, promoting sustainable practices and environmental consciousness.

Shift towards more environmentally friendly behaviors and practices in daily life, contributing to sustainable living.

Increased support and involvement in environmental and wildlife conservation initiatives by individuals and communities.

Influence on public opinion and policy-making, shaping a more environmentally conscious society.

# Joint Projects

## Dream Cricket

<b>Date</b>	: 14/05/2023
<b>Chairperson</b>	: Rtr. Gihara Wickramathunga
<b>Secondary Avenue</b>	: Marginalized communities

Dream Cricket is a joint initiative by Rotaract clubs of Alumni of University of Moratuwa, American National College, Colombo West, and University of Moratuwa together with the Rotary Club of Colombo West as a Rotary Family Project.

It is aimed at supporting Differently abled children by encouraging them to engage in physical activity, in this case by participating in Cricket in order to improve their (the children's) cognitive abilities. The activities include The Project took place on the 14th of May 2023 from 9 am to 12 pm at The Turf, Colombo, with the participation of 60+ Children from three (03) different Children's Centers for children with special needs around the Colombo area. Additionally, the project also saw the participation of 30+ Parents/Guardians and staff.

All activities were organized and facilitated by the Rotaractors. These activities were designed in a way that would enable the children to exercise muscle and motor functions as well as hand-eye coordination through simple tasks such as throwing, catching, and aiming the ball. The entire day was well spent on making sure that the children have a good time and enjoy their time while playing. Refreshments were provided for all that were gathered and the project concluded with an awards ceremony where each child was given a medal which was then followed by distribution of Lunch parcels before the departure of the children to their respective homes.

**SDGs and Rotary focus areas covered:** N/A

### Impact of the project:

Proving skills in differently abled children and supporting cognitive skill development via interactive activities.

Supporting mental health development of both differently abled children and parents/guardians.

## Ingenious'23

**Date** : 15/05/2023

**Chairpersons** : Rtr. Samali Senevirathne, Rtr. Gihara Wickramatunge

**Secondary Avenue** : Education & Literacy

Ingenious'23 was an initiative to enhance Business and Management skills and help school and university students and graduates to become successful entrepreneurs in the country.

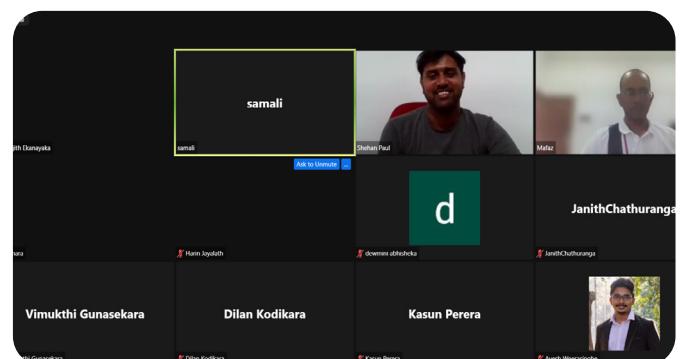

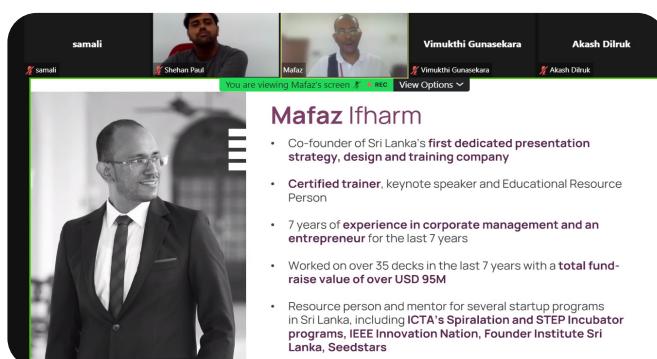

Even though this is a vast area, we wanted to give something which can not be found easily. A business pitch is a presentation of a business idea to a group of people who can help turn your idea into a reality. Good pitching skill is mandatory especially when someone is seeking investments for their business.

From Ingenious, we targeted our young audience to be filled with better pitching skills including how to develop your pitching deck and how to present it to the audience for better results. As we identified, entrepreneurs are having a lack of knowledge about pitching and available pitching opportunities. Therefore, this was kind of a great support to

overcome this. An entrepreneur must have this skill when developing a venture on a bigger scale.

The project was exposed as a 2 hours long webinar(1.5 hours) and a (30 minutes) Q&A session. Our resource person was Mr. Mafaz Ifram who was ideal for this session and delivered the session in a very impactful way. He is one of the co-founders at Show & Tell Presentations and has trained a huge number of individuals to succeed in their business careers. The webinar was held on the 15th of May 2023, from 6.30 PM followed by the Q&A session.

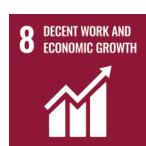

At the end of the day, We were able to successfully conclude the webinar on developing an amazing startup pitch to promote essential entrepreneurship skills among students, undergraduates, graduates, and the general public.

### SDGs and Rotary focus areas covered:

4.3 & 4.4

8.2 & 8.6

COMMUNITY ECONOMIC DEVELOPMENT

BASIC EDUCATION AND LITERACY

***Impact of the project:*****Short Term**

Audience was enthusiastic to ask questions from the resource persons and to clear their doubts. And they requested more sessions of this kind.

In the end, the audience was ready to prepare a new plan for their business management specially on finding investors.

**Long Term**

The expectation is for the audience to improve their perspectives on entrepreneurship and build their own strategies in their future for managing their businesses.

Enhance professionalism by spreading awareness on business management and adapting to the current crisis in a sustainable manner.

# INTERNATIONAL SERVICE

## PROJECT OVERVIEW

# Joint Projects

## Debractor 3.0

<b>Date</b>	: 23-08-2022 - 16-01-2023
<b>Chairpersons</b>	: Rtr. A.S.D.Senevirathn, Rtr. Dilina Kosgoda, Rtr. Suharda Silva
<b>Secondary Avenue</b>	: N/A

Debractor 3.0", is a series of debating competitions initiated as a joint project of Rotaract Club of Alumni of University of Moratuwa and Rotaract Club of Kathmandu. The project focuses on sharing ideas on important topics among Rotaractors with the intention to add value to their perspectives. The project was planned to be carried out in 2 phases this year.

### Phase 1

In Phase 1 the debate was on whether "Will people have the power to control the world more than nature?". The event was held on the 11th of September 2022 at 7.15 PM in Sri Lanka time via the Zoom platform. 5 Rotaractors each, from the two organizing clubs, were shuffled and split into two debating teams to debate together as a team to prove their point of view. The debating event had 3 stages, the first stage was "90MM" where every speaker was given 90 seconds to present their point. In the second

**SDGs and Rotary focus areas covered:** N/A

### Impact of the project:

#### Short Term

The debate participants got a broader knowledge related to the debated topic while improving their researching skills.

stage, "Do Really" opponent teams were allowed to raise questions from opponent teams with regards to the points presented in the first stage. The final stage, "Ding Dong" allowed the audience to present their views on the topic of debate. More than 30 participants from different Rotaract clubs from Sri Lanka and Nepal witnessed this thought-provoking debate. The impartial moderator of the debate was Rtr. PP Abhijeet, District Trainer Rotaract Club of Coimbatore Millennium, RID 3201, India.

### Phase 2

In Phase 2 the debate was on whether "Technology has a detrimental effect on the emotional bonds of the human race". The event was held on 14th of January 2023 from 8 PM onwards at Sri Lanka time via Zoom platform. Seven Rotaractors each, from the eight Rotaract clubs, were shuffled and split into two debating teams to debate together as a team to prove their point of view.

#### Long Term

The debate participants who got the opportunity to improve their communication and presenting skills can use these skills to make an impact in situations that they would encounter in the future.

## Envo Warriors

**Date** : 2023-03-05 - 2023-05-20

**Chairpersons** : Rtr. Madhushan sasanka, Rtr. Samali Senevirathne, Rtr. Dinidu Gunathilaka

**Secondary Avenue** : Environment, Wildlife & Animal Welfare

This is a major project that consists of two sub projects called Go Eco and Plant together. Project Go Eco mainly focuses on sustainability while plant together focus on growing plants with fellow rotaractors around the world. Both physical and online activities were planned to carry out to educate about the topics and to practice the things learned physically.

Project Go Eco was a joint project with rotaract club of Barasoain-SHS-MHPNHS, Philippines,RID3770.

As the first phase an online article writing competition was organized from both clubs and a winner was selected. Topic for the competition was Reeling in Sustainable Solutions: Exploring Innovative Approaches to Combat Overfishing and Restore Marine Ecosystems.

As the phase two webinar was organized to educate about the topic of Save Ocean Life by Mr.K. M. Sudesh

Ruvinda, Senior Lecturer in Zoology, Department of Zoology and Environmental Management, University of Kelaniya.

As the phase 3 a beach clean up was orgaized with rotaract club of Plant together is a project in 2 phases. As the first phase a webinar named hear your plants was organized with rotaract club of Rotaract Club of Vibrants RID 3131, Rotaract Club of Nashik Grape Valley RID 3030, and Rotaract Club of Meghnad Saha Institute of Technology RID 3291. This was a webinar where participants were taught about how to take care about your home plants. As the next phase a physical plantation project named Grow your plants. From that phase members conducted plantations projects around home and outside areas related to them. This phase was conducted with Rotaract Club of Vibrants RID 3131, Rotaract Club of Alibag Seashore India RID 3131,Rotaract Club of Chiplun, India RID 3170.

### SDGs and Rotary focus areas covered:

14.1, 14.5, 14.8    15.3 & 15.5

### Impact of the project:

Wide knowledge about sustainability and related trends  
Clean environment  
More trees to the surrounding

## United We Stand

<b>Date</b>	: 2022-11-07 - 2023-05-31
<b>Chairpersons</b>	: Rtr. Samali Senevirathne, Rtr. Dilina Kosgoda
<b>Secondary Avenue</b>	: N/A

United We Stand is an international Service initiative that was established in the RI Year 2018-19 with the aim to look out for new fellowship opportunities with Global Rotaract Clubs. With this project, Rotaract Club of Alumni of University of Moratuwa has acquired many bonds which are still maintained to this day. The goal of the project is achieved by branching out and organizing various projects over the years. The project United We Stand was brought back on stage for the year 2022-23 with a series of projects organized with the collaboration of many International Clubs. The project comprised eight sub-projects namely; Lingo Switch, Twin Club Agreement, Embracing Connections - Bulletin, We Weave, Cook to Connect, Tales of Valentine's, Together We Stand, and Amrit's Visit which catered to multiple service aspects.

### Lingo Switch 2.0

Lingo Switch is a language exchange program where the main focus is to help Rotaractors to learn different languages and strengthen the fellowship between Rotaractors. Moreover, the focus of the language exchanges is to provide sufficient literacy to cope with native language conversations which will be very useful while visiting a different country. The project comprised two phases which were organized with two Rotaract Clubs from two different international districts.

Phase 01: Conducted with Rotaract Club of Mount Carmel College, India for sharing Hindi and English languages. The session was held on the 6th of December 2022 at 6.00 pm in Sri Lanka time (6.00 pm in India Time) via Zoom platform.

Phase 02: Conducted with Rotaract Club of Metropolitan Rajshahi, Bangladesh, for sharing Bangla and English languages. The session was held on 26th of February 2023 at 6.30 pm in Sri Lanka time (7.00 pm in Bangladesh time) via Zoom platform.

Each phase comprised a well-structured program that strengthened language literacy as well as fellowship between the international Rotaractors. Each of the three programs was conducted considering to cover the basics of language usages in the following areas,

- Useful phrases for general conversations
- Useful phrases for communicating while traveling
- Useful phrases for communicating at restaurants and shops

The above phrases were demonstrated by the native speakers and then the foreign participants had the chance to practice them in front of the native speakers. Receiving a chance to correct mispronunciations.

### We weave

Phase one of this project was a flyer-sharing series to educate about fabric-making techniques between Rotaract Club of Alumni of University of Moratuwa and Rotaract Club of Mount Carmel college clubs and Phase two consisted of a physical exchange of fabric materials highlighting the unique techniques between the two clubs. Similarities of techniques between the two countries were discussed after the exchange.

### Cook to connect

Phase 1 was an online session where Rotaract club of Alumni of University of Moratuwa and Rotaract Club of Mount Carmel college clubs shared food recipes from two clubs and videos about special foods for the occasion held on 17th March 2023 at 8.00 pm IST via Zoom. Participants' nostalgic food experiences were shared along with this. Phase two physical food donation was organized by two clubs in order to distribute food to needy people around the area. It was held on 22nd April 2023 by RAC AUOM around the town hall area and by RAC Mount Carmel College on 22,23 May around Ulsoor Lake.

### Tales of Valentine's

This was an idea generated after the project Debractor phase two by participants' clubs. RAC Coimbatore Unique India and RAC Kathmandu joined hands with this initiative. Members from all the clubs were selected and paired as couples. They were asked to write letters explaining themselves and what their expectations were about the receiver of the letter. The event was held on 10th of February at 6.30 IST via google meet. On the event day letters were read out and dares were given to the participants who failed to identify their letter writer.

### Twin Club Agreement - Joint General Meeting

This project aimed to conduct a joint meeting between the Rotaract Club of Mount Carmel College, India, and the Rotaract Club of the Alumni University of Moratuwa to get to know Rotaractors from the twinning clubs and to share updates on service rendered through Rotaract. The Joint meeting was followed by a fellowship conversation to have a better understanding of the members of both clubs. The event was held on the 10th of February 2023 at 8.30 pm in Sri Lanka time (8.30 pm India time) via Zoom platform. This marked an important milestone in the International Service Avenue calendar as it opened doors to worthy international service initiatives for both clubs.

### Together We Stand

The project Together We Stand was mainly focused on building new connections and strengthening existing connections with international Rotaract Clubs around the globe. These comprised virtual letterhead exchanges and friendly visits to the Rotaract Clubs in different regions. Accordingly, the team was able to conduct two virtual letterhead exchanges with the below-mentioned clubs;

- Rotaract Club of PVP Siddhartha, RID 3020 - November 19th, 2023
- Rotaract Club Of acropolis professionals RID3040 - May 8th,2023

Further 3 letterhead exchanges were done with the physical participation of members from both clubs. along with this cultural item exchange happened the

AND LITERACY

same day.

- Rotaract Club of Mount Carmel College RID 3190 - December 23rd,2022
- Rotaract Club of JP Nagar RID 3190 - December 23rd,2022
- Rotaract club of Pokhara RID 3292- May 25 th,2023

### Amrit's Visit

Rtr. PP Amrit Subedi, a representative from Rotaract Club of Pokhara, from RID 3292: Nepal & Bhutan met with club members on 25th May 2023 at Negombo along with a cultural item exchange and a fellowship talk. They were able to get to know the latest updates about the club as they were keeping in touch with club members for a long time. The discussions were based on how lives have changed after the pandemic while rekindling the memories from the good old days. Letterheads were exchanged, along with some gifts unique to both Nepal & Sri Lanka. With the intention of meeting up very soon, our team bid adieu to Rtr. PP Amrit Subedi.

### Embracing Connections - Bulletin

Embracing Connections was the joint bulletin done with the collaboration of Rotaract Club of Mount Carmel College, India, and Rotaract Club of Alumni University of Moratuwa under the twin club agreement. The bulletin was aimed at sharing projects done by the two clubs. Here it was focused on sharing how different counties executed their service initiative in the Rotaract movement and what learnings could be taken from such initiatives.

## Impact of the project:

### Short Term

Members and the general public learned about different fabric-making techniques.

### Long Term

Sharing fabrics leads to starting a long-term project for the next year.

## District Projects

### Aya

**Date** : 2022-11-07 - 2023-05-31

**Chairperson** : Rtr. Samali Senevirathne

**Secondary Avenue** : Health, Safety, and Communal Well-Being

The International Service Avenue of RID 3220 Sri Lanka and Maldives collaborated along with Hemas and Rotary International District 3012 in order to provide awareness sessions for women in rural areas and assist to reduce period poverty in Sri Lanka. Sessions were conducted by a medical professional from Arka Initiative. After the session participants were given sanitary pads. Five clubs from District

joined for the project. One area was selected and members visited the place. Two places were selected and an educational session was conducted under the topic of menstruation health and after the session sanitary napkins were distributed for the participant in both places.

### SDGs and Rotary focus areas covered:

3.7 & 3.8

AND TREATMENT

WATER, SANITATION,  
AND HYGIENE

MATERNAL AND  
CHILD HEALTH

### Impact of the project:

Proper education about hygiene products  
Individual chance to raise questions that they have

## Twin Club Agreement with ROTARACT CLUB OF MOUNT CARMEL COLLEGE - RI DISTRICT 3190

**Date of Agreement :** 10/02/2023

**Duration :** 10/02/2023 - 31/05/2023

### Activities Completed

#### 1. Joint General Meeting

This project aimed to conduct a joint meeting between the Rotaract Club of Mount Carmel College, India, and the Rotaract Club of the Alumni University of Moratuwa to get to know Rotaractors from the twinning clubs and to share updates on service rendered through Rotaract. The Joint meeting was followed by a fellowship conversation to have a better understanding of the members of both clubs. The event was held on the 10th of February 2023 at 8.30 pm in Sri Lanka time (8.30 pm India time) via Zoom platform. This marked an important milestone in the International Service Avenue calendar as it opened doors to worthy international service initiatives for both clubs.

#### 2. Cook to connect

Phase 1 was an online session where Rotaract Club of Alumni of University of Moratuwa and Rotaract Club of Mount Carmel college clubs shared food recipes from two clubs and videos about special foods for the occasion held on 17th March 2023 at 8.00 pm IST via Zoom. Participants' nostalgic food experiences were shared along with this. Phase two physical food donation was organized by two clubs in order to distribute food to needy people around the area. It was held on 22nd April 2023 by RAC AUOM around the town hall area and by RAC Mount Carmel College on 22,23 May around Ulsoor Lake.

#### 3. We weave

Phase one of this project was a flyer-sharing series to educate about fabric-making techniques between Rotaract Club of Alumni of University of Moratuwa and Rotaract Club of Mount Carmel college clubs and Phase two consisted of a physical exchange of fabric materials highlighting the unique techniques between the two clubs. Similarities of techniques between the two countries were discussed after the exchange.

#### 4. LingoSwitch 2.0 Phase 1

Lingo Switch is a language exchange program where the main focus is to help Rotaractors to learn different

languages and strengthen the fellowship between Rotaractors. Moreover, the focus of the language exchanges is to provide sufficient literacy to cope with native language conversations which will be very useful while visiting a different country. The project comprised two phases which were organized with two Rotaract Clubs from two different international districts.

Phase 01 was Conducted with Rotaract Club of Mount Carmel College, India for sharing Hindi and English languages. The session was held on the 6th of December 2022 at 6.00 pm in Sri Lanka time (6.00 pm in India Time) via Zoom platform.

This phase comprised a well-structured program that strengthened language literacy as well as fellowship between the international Rotaractors. Programs were conducted considering to cover the basics of language usages in the following areas,

- Useful phrases for general conversations
- Useful phrases for communicating while traveling
- Useful phrases for communicating at restaurants and shops

The above phrases were demonstrated by the native speakers and then the foreign participants had the chance to practice them in front of the native speakers. Receiving a chance to correct mispronunciations.

between participants from both clubs. This phase involved setting up virtual meeting rooms, ensuring stable internet connections, and creating an engaging trivia experience for all participants.

#### 5. Embracing Connections - Bulletin

Embracing Connections was the joint bulletin done with the collaboration of Rotaract Club of Mount Carmel College, India, and Rotaract Club of Alumni University of Moratuwa under the twin club agreement. The bulletin was aimed at sharing projects done by the two clubs. Here it was focused on sharing how different counties executed their service initiative in the Rotaract movement and what learnings could be taken from such initiatives.

## 6. International Day Of Happiness

For the final event, we collaborated with the Rotaract Club of Mount Carmel College, India, to host a trivia night with the aim of celebrating International day of happiness while strengthening the fellowship between the two clubs. Both clubs coordinated IST via Zoom. Participants' nostalgic food experiences were shared along with this. The Phase 2 physical food donation was organized by two clubs in order

to distribute food to needy people around the area. It was held on 22nd April 2023 by RAC AUOM around the town hall area and by RAC mount carmel college on 22,23 May around Ulsoor Lake. with the International Service team to finalize the trivia questions, establish the format, and facilitate seamless communication between participants from both clubs. This phase involved setting up virtual meeting rooms, ensuring stable internet connections, and creating an

## DIYER 2.0

<b>Date</b>	: 2022-08-21 - 2023-04-30
<b>Chairperson</b>	: Rtr. Akhila Seneviratne
<b>Secondary Avenue</b>	: N/A

DIYer, an innovative initiative by the Rotaract Club of Alumni of the University of Moratuwa, focuses on professional development by emphasizing the concept of Do It Yourself (DIY). This project aims to address the importance of individual skill development and goes beyond a typical skill development program. It aims to enhance awareness of basic handyman skills and provide knowledge in areas that are beneficial for entrepreneurial ventures. The project consisted of one phase this year using online platforms. The target audience includes the general public (especially youth) interested in acquiring basic skills for everyday fixes.

The phase covered a wide range of areas, including home repair and maintenance skills, and practical tips for everyday tasks. By offering these diverse skill sets, the project empowers individuals to take over

challenges in their day-to-day lives.

DIYer first phase was a session that focussed on sharing knowledge on “How's your bike doing?”. The event was held on the 22nd of September 2022 from 7.00p.m onwards via the Zoom platform and Facebook Live. The session was conducted by Rtr. PP Paveen Perera, Past President of Rotaract Club of University of Moratuwa.

The session mainly focused on basic bicycle maintenance including bicycle types, cleaning methods, fixing a flat tire, braking, replacing cables, fixing gears shifting, and correct gearing. Since the session covered one of the basic skills required by any individual the audience comprised many youths who showed interest in the subject.

Select the correct type of bicycle

Rim Brakes Vs Disk Brakes (cable or hydraulic)

Frequently check the brake pads excessive wear can damage the rim or the disk

Make sure the brake cables are not rusty and well lubricated

Adjusting brakes

Motivation to apply the knowledge gathered throughout the project

## En Vogue 2.0

**Date** : 2022-12-08 - 2023-04-05

**Chairpersons** : Rtr. Samali Senevirathne, Rtr. Akila Senevirathne

**Secondary Avenue** : N/A

En Vogue 1.0 is about awareness sessions on fabric-making techniques. The project included four sessions such as Crafting beeralu lace, Let's Learn Crochet, Creating Patch Point, and Decorations with Paper Piecing.

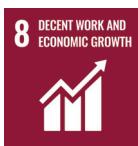

At the start of the RI Year 2022-23, Rotaract Club of Alumni of University of Moratuwa received multiple requests to conduct a physical workshop for En Vogue 1.0, a newly initiated program. In response, they organized En Vogue 2.0, a Beeralu-making workshop in collaboration with Nifty Looms. The workshop was held in two phases, with phase 1 taking

place at the National Craft Council premises from the 21st to the 23rd of December, and phase 2 from the 25th to the 26th of March as a physical event.

The focus of both phases was to provide young designers with hands-on experience in ancient crafts in Sri Lanka, as learning these crafts on their own can be challenging due to time and cost constraints. The organizers selected Beeralu Weaving as the first technique to be taught, as it requires a significant amount of time for practice and skill development. Participants were given an E certificate at the end of the workshop.

### SDGs and Rotary focus areas covered:

COMMUNITY ECONOMIC  
DEVELOPMENT

8.1, 8.2, 8.4 & 8.6      17.6, 17.7

### Impact of the project:

#### Short Term

- Skill Development
- Cultural Preservation
- Networking and Collaboration
- Increased awareness

#### Long Term

- Helping to uplift traditional craft with relevant authorities
- Having your own way of income while staying home
- Economic Empowerment
- Community engagement and education

## Limitless Horizons

**Date** : 2023-04-01

**Chairperson** : Rtr. Nimesh Kavinda

**Secondary Avenue** : N/A

"Limitless Horizons" is an exclusive and informative discussion designed to assist undergraduate and graduate students in Sri Lanka who are considering pursuing higher education. The session aims to provide valuable insights and firsthand experiences from accomplished individuals worldwide who were once in a similar position.

Many students in Sri Lanka aspire to pursue higher education, such as Master's or PhD programs, abroad. However, due to a lack of information in this field, some students abandon their dreams. Additionally, some students believe it is too late to pursue further education after already choosing a career path, while

others struggle to balance their work commitments with postgraduate studies.

To address these challenges, this discussion will focus on offering practical solutions and knowledge in various areas related to planning for higher studies. The aim is to help participants align their academic and career paths accordingly. Furthermore, the session will include a Q&A segment, providing an opportunity for attendees to interact with a panel of experienced resource persons who can offer valuable advice and insights.

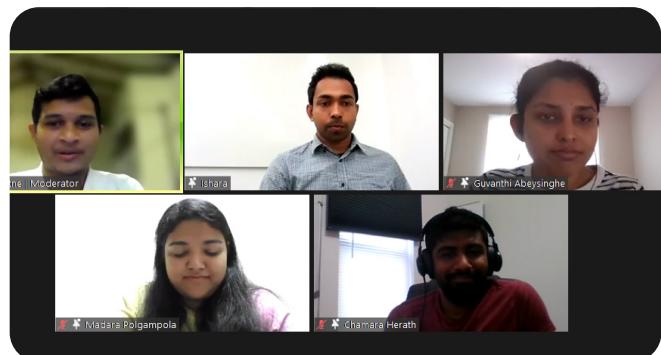

### SDGs and Rotary focus areas covered: N/A

4.3 & 4.5

BASIC EDUCATION  
AND LITERACY

### Impact of the project:

#### Short Term

Club members who were initially lacking knowledge and experience in this area will receive immediate support and guidance through the project, helping them make informed decisions and take necessary steps towards pursuing higher studies abroad.

Participants will experience personal growth through exposure to diverse perspectives, cultural exchange, and expanded horizons, which can have a positive impact on their personal development and worldview.

#### Long Term

Participants who complete their overseas higher studies can benefit from enhanced career prospects, as they will possess valuable international experience, cross-cultural competence, and a competitive edge in the job market.

The project can contribute to the growth and strengthening of the alumni network, as successful participants become part of the alumni community, providing support and mentorship to future club

## Speak Up 3.0

**Date** : 2022-08-01 - 2023-05-31  
**Chairperson** : Rtr. Akhila Seneviratne  
**Secondary Avenue** : N/A

The SpeakUp project aimed to provide a platform for club members to enhance their presentation and public speaking skills. It provided opportunities for members to deliver speeches or presentations on various topics during monthly meetings, both independently and in joint sessions. With an audience of around 30 to 50 participants online, the project allowed up to 5 speakers to share their thoughts and ideas, ranging from 5 to 15 minutes per speech. Topics covered personal experiences in the Rotaract journey and educational subjects like leadership and sustainability.

**SDGs and Rotary focus areas covered:** N/A

### Impact of the project:

#### Short Term

Finding potential speakers for the next session due to project awareness

By following a rotational system, members had the chance to speak on diverse topics, turning the sessions into educational opportunities for participants. Overall, the project successfully built confidence in speakers, fostering a supportive environment for expressing ideas and passions. The project team actively sought feedback from participants in the monthly SpeakUp sessions to drive improvements and understand individual requirements for developing public speaking skills.

**First Session of the Speak Up 3.0**

#### Long Term

Identify potential project chairs and confident speakers for other projects within the club

# Joint Projects

## Mindset Mastery

**Date** : 2023-03-24 - 2023-05-19

**Chairperson** : Rtr. Akhila Seneviratne

**Secondary Avenue** : N/A

"Mindset Mastery" sounds like a wonderful collaborative project organized by the Rotaract Clubs of Alumni of the University of Moratuwa, Rotaract Club of Colombo Heritage, Rotaract Club of University Alumni, and Interact Club of Visakha Vidyalaya. It falls under the Professional Development avenue and aims to boost self-confidence and add tips to the daily routine of self-branding.

The session was hosted by the award-winning TV Personality & Corporate Trainer, Ms.Bernadine Jayasinghe. The event took place on 12th May from 6 PM onwards via Zoom and received an enthusiastic response from the audience. The session covered various aspects including personal branding tips,

self-confidence development, being valued, and how to respect everyone and grab opportunities while being fearful.

The objective of organizing this event was to add more tips on fine-tuning self-confidence and self-branding. It serves as a platform to spread the value of personal branding and to stand outstanding among the crowd. By spreading this awareness, the Rotaract Clubs of Alumni of the University of Moratuwa, Rotaract Club of Colombo Heritage, Rotaract Club of University Alumni, and Interact Club of Visakha Vidyalaya aim to encourage Rotaractors to be more outstanding and energetic among youth moment.

**SDGs and Rotary focus areas covered:** N/A

### Impact of the project:

#### Short Term

Individual empowerment  
Skill application  
Networking opportunities  
Motivation and inspiration

#### Long Term

Sustainable personal growth  
Professional success  
Leadership development  
As participants grow in confidence and personal branding, they can serve as role models and mentors for others

## Rotary Radiance

<b>Date</b>	: 2023-04-21 - 2023-05-07
<b>Chairperson</b>	: Rtr. Akhila Seneviratne
<b>Secondary Avenue</b>	: N/A

"Rotary Radiance" sounds like a wonderful collaborative project organized by the Rotaract Clubs of Alumni of the University of Moratuwa and the Rotaract Club of the University of Moratuwa. It falls under the Professional Development avenue and aims to enhance the knowledge of Rotaractors regarding the Rotary movement and its opportunities.

The session was hosted by Rtn.PHF.PP Marshad Barry has an impressive background as the Past Assistant Governor of Rotary District 3220 Sri Lanka and Maldives, Secretary of Colombo University Journalism Organization, and Deputy head of Orphan Care Amana Bank PLC. The event took place on 6th May from 7 PM onwards via Zoom and received an enthusiastic response from the audience.

The session covered various aspects of Rotary membership, including how individuals can become

### SDGs and Rotary focus areas covered: N/A

#### Impact of the project:

##### Short Term

Participants in the event gain a better understanding of Rotary's mission, values, and opportunities.

Participants are motivated to explore the possibility of becoming Rotarians and getting involved in Rotary's global network.

Participants acquire new knowledge about Rotary, its initiatives, and the personal and professional benefits of being part of the organization.

Rotarians, the collaborative efforts of Rotary with other organizations and entities to create a positive impact, and the global initiatives and projects led by Rotary. Additionally, the speaker shared insights into his personal career in Rotaract and what he gained from his involvement in the movement.

The objective of organizing this event was to raise awareness among Rotaract members about Rotary and inspire them to consider joining Rotary as well. It serves as a platform to educate Rotaractors about the opportunities and benefits of becoming a part of Rotary's global network. By spreading this awareness, the Rotaract Clubs of Alumni of the University of Moratuwa and the Rotaract Club of the University of Moratuwa aim to encourage Rotaractors to explore the possibilities available within Rotary.

##### Long Term

Rotaractors who were inspired during the event transitioned to becoming Rotarians, leading to an increase in Rotary membership.

Rotarians participate in Rotary's global initiatives and local community projects, addressing pressing needs and making a positive difference in society.

The collaboration between the two Rotaract clubs extends beyond the project, fostering ongoing partnerships and joint projects that benefit both clubs and their communities.

## It's Your Day

**Date** : 2022-07-01 - 2023-05-31

**Chairpersons** : Rtr. Kavindu Nadeeshana, Rtr. Tharusha Kelaniyage, Rtr. Hasitha Nilupul

**Secondary Avenue** : N/A

"It's Your Day" is a public relations initiative designed to honor and commemorate the significant occasions of the members belonging to the Rotaract Club of Alumni of the University of Moratuwa. This campaign

consists of two sub-projects that specifically highlight birthdays and weddings. The primary platform utilized for this project is Facebook, with the primary target audience being the alumni members

### SDGs and Rotary focus areas covered:

#### Impact of the project:

##### Short Term

The "It's Your Day" campaign is likely to generate immediate engagement from the members of the Rotaract Club of Alumni of the University of Moratuwa. They will actively participate in birthday, engagement, and wedding celebrations, sharing their own stories, photos, and memories. This increased engagement will foster a sense of community and connection among the members in the short term.

The campaign will provide a platform for members to reconnect and build relationships. By celebrating important milestones together, alumni will have the opportunity to interact, reminisce, and support one another. This short-term impact will lay the foundation for stronger long-term relationships among the alumni community.

Through the campaign, the Rotaract Club of Alumni of the University of Moratuwa will increase its visibility and brand awareness among the alumni community. The active participation and sharing of campaign content on social media platforms will generate organic reach and exposure, making more people aware of the club's activities and achievements.

##### Long Term

Contribute to the long-term engagement of the alumni community. By nurturing connections and fostering a sense of belonging, the campaign will encourage alumni to remain active in the club's activities, contributing to ongoing community involvement.

Facilitate networking opportunities among the alumni members. As relationships strengthen and alumni engage in conversations and interactions, they can explore collaborative projects, professional partnerships, and mentorship opportunities. The campaign will serve as a catalyst for long-term networking within the alumni community.

As alumni feel connected and valued through their participation in the campaign, they are more likely to support the Rotaract Club of Alumni of the University of Moratuwa in various initiatives, such as fundraising efforts, community service projects, and mentorship programs. Alumni involvement and support will contribute to the club's long-term growth and success.

By consistently celebrating special moments and fostering a sense of community, the campaign will contribute to building a positive reputation for the Rotaract Club of Alumni of the University of Moratuwa. Satisfied alumni who have had meaningful experiences through the campaign are more likely to become advocates for the club, promoting its activities and attracting new members, thus contributing to its long-term sustainability.

## Prelude

<b>Date</b>	: 11-07-2022 - 20-08-2022
<b>Chairpersons</b>	: Rtr. Tharusha Kelaniyage , Rtr. Kavindu Nadeeshana , Rtr. Hasitha Nilupul
<b>Secondary Avenue</b>	: N/A

Prelude, the revealing of the driving forces behind the 10th chapter of Rotaract Club of Alumni of University of Moratuwa for the Rotary International 2022-23 was a Public Image project conducted signifying the dawn of a new era of the club. The ultimate goal of the project was to introduce the incoming outstanding individuals of Rotaract Alumni Mora to the Rotaract Family. The project comprised a social media flyer series introducing the Board of Directors for the year 2022-23. The Project also catered to revealing the theme of Rotaract Club of Alumni of University of Moratuwa for the year 2022-23 which is "Thriving Towards Excellence Through Fellowship".

The commencement of the social media campaign was marked with the first introduction flyer published on the 2nd of August 2022. Prelude concluded in an eager tone on the 18th of August 2022 with the introduction of the guiding force for the new era,

**SDGs and Rotary focus areas covered:** N/A

### Impact of the project:

Increase of the social media reach from resharing of the Prelude flyers by the public.

Exposing the board of officials to the Rotaract movement.

newly appointed President Rtr. Ayesh Weerasinghe; following a couple of countdown flyers. The PR plan was dedicated to recognising the appointed board members as to why they were befitting for the position they were to hold and their enlightening Rotaract journey by using a professional flyer designed with their designation. However, with the support of friendly whispers behind the ears, the introduction of the Board of Directors was also an opportunity to reveal the details that might not meet the eye on the first encounter. of these inspiring Roatarctors.

The flyer series was designed according to a predefined colour theme that aligned with the theme for the year 2022-23.

# Sports and Recreational

## PROJECT OVERVIEW

# Club Projects

## Sports Buddies

**Date** : 2022-07-01 - 2023-05-31

**Chairperson** : Rtr. Madura Cooray

**Secondary Avenue** : Membership Development and Retention

The "Sports Buddies" project has finished its third year and is still going strong. Every week, we organize sports sessions for club members, including futsal, cricket, and badminton. The main goal of this project is to help club members relax their bodies and minds, making their free time more fun and enjoyable while also managing their work-life balance.

Through this project, people get to choose activities that help them feel refreshed and recharged. Whether it's playing futsal, cricket, or badminton, these sports give them a chance to take a break, release stress, and have a good time. It's all about finding ways to make their leisure moments exciting and enjoyable.

The utilization of this project is all about giving club members the opportunity to participate in weekly

sports sessions. By doing so, they can take care of their physical and mental well-being. These activities not only help them stay fit but also provide a break from work and other responsibilities. When they engage in these sports, they can come back to their daily tasks with more energy, focus, and a positive mindset.

In summary, the "Sports Buddies" project, which has completed its third year, offers weekly sports sessions like futsal, cricket, and badminton. Its purpose is to let club members refresh their bodies and minds, making their leisure time more exciting and enjoyable. This project helps them find ways to balance their work and personal lives while taking care of their well-being.

**SDGs and Rotary focus areas covered:** N/A

### Impact of the project:

Physical fitness and wellbeing

Joyful memories with peer members of the club

Redefining the friendships

## Mora Smash

<b>Date</b>	: 25-02-2023 - 19-03-2023
<b>Chairpersons</b>	: Rtr. Thinura punchihewa, Rtr. Tharindu Ambeygoda
<b>Secondary Avenue</b>	: Membership Development and Retention

The Mora Smash Badminton Tournament was a competitive event organized by the Rotaract Club of Alumni of University of Moratuwa and Rotaract Club of University of Moratuwa. The tournament took place on March 19th, 2023, at the gymnasium of the University of Moratuwa. It was a thrilling badminton tournament where participants from various universities and clubs competed for the

championship. The tournament was a great success, attracting a large crowd of enthusiastic supporters who cheered on the players throughout the matches. Overall, it was a fantastic event that showcased the spirit of sportsmanship and camaraderie among the participants.

**SDGs and Rotary focus areas covered:** N/A

### Impact of the project:

The short-term goal of a badminton tournament is to provide an opportunity for players to compete, showcase their skills, and have fun. The tournament's immediate objectives include attracting a sufficient number of players, organizing the matches efficiently, ensuring that the rules and regulations are followed, and providing a safe and enjoyable experience for all participants and spectators.

In the long term, a badminton tournament can serve several goals. It can promote the sport of badminton and encourage more people to take up the game. By creating a sense of excitement and enthusiasm around the tournament, it can help to generate interest in the sport and attract new players, especially among youth and beginners.

The tournament can also help to build a sense of community and camaraderie among badminton players. By bringing together players from different backgrounds and skill levels, it can help to create a shared sense of passion and appreciation for the sport.

Additionally, a badminton tournament can serve as a platform for identifying and developing talented players. By attracting top players and providing them with an opportunity to compete against each other, the tournament can help to identify the most skilled and promising players. This can, in turn, help to elevate the level of play and promote excellence in the sport.

# TogetherSL

## PROJECT OVERVIEW

## Sihinayata Ath Walak

<b>Date</b>	: Aug 2022- March 2023
<b>Chairperson</b>	: Rtr. Prarthana Gamage
<b>Secondary Avenue</b>	: Health, Safety and Communal Wellbeing

Moratuwa Janajaya Vidyalaya is a small government school of 250 students from grades 1 to 11 situated near the seaside in Moratuwella. During the pandemic the school was affected heavily causing most students a loss of nearly 2 years of studies. A recent visit to the school revealed that for more than a decade the school not teaching IT due to the lack of funding and support from the government and the lack of computers. This was a contributing factor to the school not being able to teach during the pandemic times. The attendance of the school was low as well. This is since the students skip school to do low paying jobs to create income for their families to make ends meet. By encouraging pupils to study and educating parents that their children have a right to uninterrupted education, the principle emphasized the importance of repairing the computer lab and increasing student attendance. Hence, we took upon the responsibility for this endeavor as a team in hopes of creating a solution addressing their needs.

The school has a critical need for supporting infrastructure as the community transitions to an

education system with modern technology. In order to overcome the obstacle, the installation of the computer lab would be excellent. Hence, with a fully equipped IT lab at the disposal of the school, pupils will have the same opportunity as other students to study IT expertise and other subject knowledge required for the developing world today. With the help of this initiative, the school would have access to basic education and computer literacy, which is an important aspect in delivering high-quality education to pupils.

With the partnership with Orel IT, one of the leading IT consultancy firm's paves way for the school to have quality and sustainable IT solutions to aid in their overall education delivery. Additionally, the firm also has agreed to cater for professionals in the field of IT for the initial knowledge dissemination through the computer lab, which in the other hand ensures knowledge sharing and cooperation for access to science, technology and innovation within the students of the school.

### SDGs and Rotary focus areas covered:

BASIC EDUCATION  
AND LITERACY

4.1, 4.4, 4.6, 4.7      17.3 17.5

### Impact of the project:

The team has so far been successful in repairing, painting, and cleaning an old classroom at the Janajaya Maha Vidyalaya that lacked the fundamental

infrastructure needed for IT at a school, converting it into an IT lab where PCs could be set up and networking could be done.

# Chapter 07

Public Relations Efforts

# Strategies Used

## Maintaining PR Calendar

The Rotaract Alumni Mora PR calendar provides access to all board members, allowing them to effectively schedule and mark important publishing dates. With this calendar, each team can reserve their desired slots two to three days in advance, ensuring a smooth flow of club PR activities and avoiding any conflicts in scheduling. By clearly indicating the name and time of each publication, the calendar prevents overlapping bookings and facilitates better coordination among teams. This organized approach helps optimize the reach and impact of our club's PR efforts, ensuring a seamless and cohesive communication strategy. With the PR calendar as a valuable resource, we can efficiently plan and execute our activities, effectively showcasing the incredible work done

by Rotaract Alumni Mora and amplifying our reach within the community.

## Dedicated Facebook Pages

During the year, dedicated Facebook pages are used for three significant projects:

1. Serpente
2. Marathon Towards Greenery
3. Dream Cricket

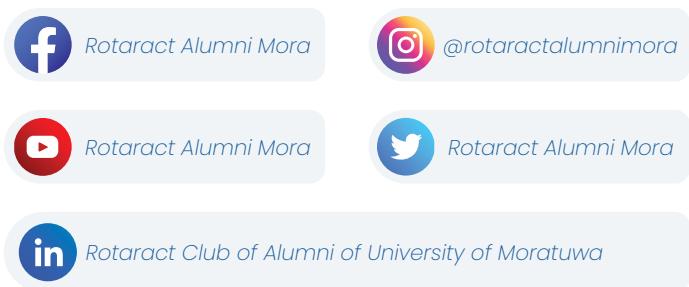

Other than that, dedicated Facebook pages for initiatives like Kadolana, Parisarika Sanwada and De-COVID are maintained from the previous year.

These dedicated pages played a crucial role in enhancing the visibility and engagement of each project. By creating separate pages, we were able to tailor content specifically to each initiative, providing detailed updates to showcase the progress and impact being made. This focused approach allowed us to attract individuals who were particularly interested in these projects, resulting in increased community engagement and support.

## Social Media Management

In Rotaract Alumni Mora, for the Rotary International year 2022-23, we effectively utilized various social media platforms to support our marketing and publishing objectives. Our main goals were to raise awareness about our projects, show appreciation to our valued partners, and acknowledge individuals who contributed to the betterment of society. We made use of the following social media platforms for these purposes.

## LET'S HEAR FROM THE POWER HOUSE

---

Avenue Messages

## Club Service

It gives us great pleasure to reflect upon the remarkable achievements of our Club Service Avenue in the RI year 2022-23. As the Club Service directors, alongside Manul and our Vice President Malitha, we embarked on this journey with a clear vision and meticulous planning. Throughout the year, we organized and executed a diverse range of projects, including Let's Meet, Fellowship Diaries, BOD Training Summit, 10th Installation Ceremony, Ro-Transylvania, Mithuru Sulanga, Alumni Ape Awurudu, and the Club Trip. Each of these initiatives contributed significantly to both society and our fellow members, leaving a lasting impact on Rotaract Club of Alumni of the University of Moratuwa.

The Let's Meet project emerged as a testament to the power of bringing club members together regularly. We organized five unique events, each designed to foster camaraderie, create new bonds, and cultivate lasting friendships. From the virtual session "Truth and Lies" held until midnight on a holiday to the virtual "Guess the Song" competition, every gathering offered a different theme and experience. The highlight of the project was our collaboration with the International Services Avenue, where we held a "Trivia Night" with the Rotaract Club of Mount Carmel College, India, to celebrate the International Day of Happiness. Also, The third event was a special Christmas celebration with the children at the Noguchi Child Development Center in Boralesgamuwa, where members were able to share gifts and make a donation to the center. The Let's Meet project not only facilitated connections among members but also provided invaluable opportunities for personal growth, allowing individuals to assume different roles in event organizations and gain valuable skills and experience.

The Fellowship Diaries project was another exceptional endeavor that aimed to strengthen bonds between Rotaract clubs, foster new friendships, and contribute to society through collaboration. This project unfolded in three phases, each involving visits to different Rotaract clubs across the country. Through cultural exchanges, food exchanges, sightseeing tours, and various fellowship activities, we established deep connections with the Rotaract Club of Hatton Kotagala, the Rotaract Club of Negombo, and the Rotaract Club of Matale. The Fellowship Diaries project successfully achieved its objectives, promoting fellowship and forging meaningful friendships while actively contributing to the betterment of society.

Our Club Trip to Matale on April 30th and May 1st, 2023, was an incredible opportunity for members to explore the natural beauty of Sri Lanka's hill country. The trip allowed us to immerse ourselves in the breathtaking landscapes of Sembuwaththa, Riverston, Pitawala Pathana, and the Knuckles Mountain Range. With over 15 club members in attendance, the Club Trip not only offered an escape from the hustle and bustle of city life

Rtr. Manul  
Thenuka

Rtr. Nikith  
Fernando

Rtr. Malitha  
Gunawardhana

but also provided a platform for bonding and the creation of lasting friendships. It served as a true embodiment of our club's values, fostering personal growth, leadership development, and a deep commitment to community service.

Furthermore, our collaboration with other clubs within our district, including RAC Hatton Kotagala, RAC Negombo, RAC Matale, RAC Cinnamon Gardens, RAC Colombo Central, RAC University Alumni as well as the foreign club RAC Mount Carmel College India, exemplified the spirit of unity and cooperation that defines Rotaract. Together, we have achieved remarkable milestones and set a standard of excellence for future avenues.

Looking back at the accomplishments of this Rotaract year, we are filled with gratitude and pride. The Club Service avenue of the Rotaract Club of Alumni of the University of Moratuwa has made a significant impact on our members, fostering personal connections, promoting fellowship, and providing opportunities for growth. We extend our heartfelt congratulations to the upcoming directors of the Club Service Avenue for the RI year 2023-24, and we are confident that they will continue to build upon the foundation we have laid.

As we bid farewell to this extraordinary year, let us cherish the memories we have created, the bonds we have forged, and the lives we have touched. May the spirit of service guide us in our future endeavors, as we strive to make a positive impact on society and empower our members to become compassionate leaders.

## Community Service

This year has been truly remarkable for the Rotaract Club of Alumni of University of Moratuwa, as we have made significant strides in the avenue of community service. Our efforts have extended to various communities throughout the country, and we have collaborated with other clubs along the way.

Throughout the Rotary International year 2022-23, we focused on six main projects, namely "Nena Sayura", "Suwa Arana", "Share the Joy", "Kindred Kidneys", "Ingenious", and "Dream Cricket". Each of these projects catered to different scopes and aligned with specific Sustainable Development Goals.

One of our projects, "Nena Sayura", provided us with the opportunity to share our knowledge and experiences with school students. In addition to giving subject knowledge, we were able to motivate them by sharing our own experiences in dealing with exams, managing stress, and showcasing the vast opportunities available to them in the world.

Recognizing the importance of physical and mental well-being, we organized discussions on these topics through our "Suwa Arana" project, inviting highly knowledgeable resource persons to enlighten us. Furthermore, as responsible citizens, we identified a pressing need in the country and organized a blood donation campaign to support the National Blood Bank of Sri Lanka.

"Share the Joy" was a unique endeavor that allowed us to celebrate our birthdays in a meaningful way. By bringing smiles to the faces of children in a rural school and young adults in a special needs home, we not only brightened their days but also strengthened our connections with other Rotaract families.

"Ingenious" served as a platform for sharing knowledge and experiences, empowering both students and graduates to become successful entrepreneurs in Sri Lanka. Through this project, we aimed to nurture a culture of innovation and enterprise within our community.

Rtr. Sasindu  
Tennakoon

Rtr. Gihara  
Wickramathunga

Rtr. Sachitha  
Bandara

"Dream Cricket" provided children with special needs a precious opportunity to enjoy a day filled with joy and fun. By creating a safe and inclusive space, we were able to make a positive impact on their lives.

Recognizing that a significant number of people in Sri Lanka suffer from Chronic Kidney Disease (CKD), we continued our "Kindred Kidneys" project this year, extending a helping hand to those affected by the condition.

We are proud of the positive impact we have made on several communities this year. The happiness we witnessed on their faces, the feedback we received, and the increased public engagement in our projects are a testament to the success of our community service endeavors.

With unwavering commitment and dedication, we look forward to continuing our efforts in the future, making an even greater difference in the lives of those in need.

## Environmental Service

As we approach the end of the Rotary International year 2022-23, it is with immense pride and gratitude that we reflect upon the remarkable achievements of our avenue, both within our club and through collaborative efforts with other clubs.

This year, our avenue focused on two main projects that have made a significant impact on our society. The first project, "Serpente," was a pioneering initiative aimed at creating awareness about snakes and the importance of their conservation. Through a webinar on "Snake Capturing and Wildlife Conservation," featuring the esteemed Snake Rescuer, Mr. Bhasuru Prabashwara as our guest speaker, we were able to educate and engage a wide audience on the value of protecting these misunderstood creatures.

Our second project, "Marathon Towards Greenery," was an endeavor to promote the sustainable utilization of land ecosystems in Sri Lanka. Under this initiative, we organized a highly successful event called "Gaga Addara" on the 30th of April 2023. This event took place beside the feeder canal of Kandalama Wewa, branching out from Sudu Ganga in Matale, Naula area. It served as a platform to raise awareness and actively involve the community in our mission to create a greener and more sustainable environment.

In addition to these projects, we also undertook the "Do You Know" campaign, which aimed to raise environmental and wildlife awareness among the general public through social media platforms under the "Marathon Towards Greenery," project. By leveraging the power of social media, we were able to reach a wide audience and foster a sense of responsibility towards our natural resources.

Rtr. Deshan  
Chathuranga

Rtr. Madurangi  
Guruge

Rtr. Sachitha  
Bandara

None of these achievements would have been possible without the dedication, enthusiasm, and relentless efforts of our members and supporters.

As we conclude this remarkable year, let us carry forward the spirit of service and continue to work toward the betterment of society. Together, we can create a future where environmental conservation and community well-being go hand in hand.

Thank you for your unwavering commitment and for being the driving force behind our avenue's success.

## International Service

RI year 22-23 was a fruitful year with a lot of online and physical meetups with rotaractors around the world. We laid the foundation for year-long projects while getting to know more clubs in different geographical locations. We were able to successfully complete a twin club agreement also. We extend our heartfelt gratitude towards all our friends around the world who helped to make this year the best.

We completed a twin club agreement including a physical visit to Sri Lanka with RAC MCC. We were able to conduct a cultural item exchange on the same day. During the twin club agreement, we were able to share knowledge on food between India and Sri Lanka with the project cook to connect. Furthermore, we share our joy by sharing food with needy people around the area also.

In Project We Weave, we were able to share the knowledge about different fabric-making techniques between Sri Lanka and India with RAC MCC and we were able to do a physical fabric exchange symbolizing different fabrics between the countries.

As another project with RAC MCC, we conducted a general meeting for the month of February while strengthening our bond with them. And also we celebrated International Day of Happiness with them while enjoying storytime.

At the end of the time period, we were able to publish a joint bulletin with RAC MCC explaining all the projects we did.

With Rotaract Club of Barasoain-SHS-MHPNHS, Philippines, RID3770 we were able to conduct project Go Eco focusing on sustainability by conducting an article writing competition and a webinar about marine life. We were able to conduct a webinar about Home gardening and use that knowledge in a practical manner by conducting a tree plantation project with different clubs.

Rtr. Samali  
Senevirathne

Rtr. Dilina  
Kosgoda

Rtr. Vinu  
Maddumage

This year also we were able to continue the project debractor into two phases with Rotaract Club of Kathmandu. We could conduct a special event this time for Valentine's Day as tales of Valentine's with two different clubs by exchanging letters between participants.

We were able to conduct two more physical LHE with RAC JP Nagar and RAC Pokhara this year while doing two online LHE.

As a special initiative, we were a part of district project AYA which was a sanitary napkin distribution while educating them about Menstrual health with Hemas.

As mentioned above we could reach more higher this time with international service avenues with new bonds around the world.

## Professional Development

This year has been an eventful one for Rotaract Club of Alumni of University of Moratuwa, as we were able to continue the good work from last year in the Professional Development Avenue.

Our first project, “DIYer 2.0 - How’s your bike doing?”, was a very timely topic during the crisis when there was a significant number of bicycle commuters and this project was aimed to enhance the knowledge of the basics of bicycle maintenance. The speaker of the day was RAC University of Moratuwa Past President Rtr. Paveen Perera and his knowledge captivated the audience, which mostly consisted of external Rotaract Clubs.

Project “Speak Up” gave the opportunity to a club member to speak on their Rotaract journey and it encouraged new members who have been involved with the club, to share their experience and motivate other new members to take the opportunity and speak at the monthly General meetings.

“En Vogue 2.0 - Phase 01” consisted of two Beeralu weaving workshops with the veteran Mrs. Stella Edirisinghe, the first being a 3-day workshop and the second being a 2-day workshop. A combined total of 15 participants were presented with the opportunity to learn the craft of Beeralu weaving with hands-on experience.

The signature project of the PD avenue was “Limitless Horizons” and this year, we were able to have 4 Alumni speakers for the online session, representing 4 countries that provide opportunities for higher studies. The session was mainly focused on the prerequisites to be eligible for higher studies overseas and discuss student challenges one will likely face during their stay overseas. There was a total of 15 participants who aspired to study overseas.

Rtr. Akhila  
Seneviratne

Rtr. Dinithi  
Amarasinghe

Rtr. Ravikula  
Silva

The Rotaract year concluded with two joint projects “Rotary Radiance” and “Mindset Mastery”. Rotary Radiance was a Rotary Awareness project and the opportunities one can gain from Rotary Club, which was conducted by none other than Rtn. PHF. PP Marshad Barry, the Past Assistant Governor of Rotary District 3220 Sri Lanka and Maldives. The project was jointly done with RAC University of Moratuwa. Mindset Mastery was a personal brand development session with Television Personality Ms. Bernadine Jayasinghe and the project was a joint collaboration of RAC Colombo Heritage, RAC University Alumni, and the Interact Club of Visakha Vidyalaya.

We are proud of the positive impact made this year through these projects which were made possible by having them online. There is always room for improvement and looking forward to seeing the good work being taken forward, with new projects and phases initiated by the upcoming board.

We look forward to seeing the Professional Development Avenue make waves around the Rotaract Community, developing the network and skills of the participants both from our club and also external Rotaract clubs.

As the editorial and designing team, we want to take a moment to express our deepest gratitude for the privilege of being part of this incredible journey. It has been an honor to work with such a talented and spirited team, and we are humbled by the experiences we have shared together.

Throughout our time together, we have witnessed the power of storytelling and design in conveying the impact and essence of Rotaract Alumni Mora. We have strived to capture the heart and soul of our club, highlighting the remarkable work, dedication, and positive change that our members bring to the world. Each story, and each design, has been a testament to the collective spirit and passion that defines Rotaract Alumni Mora.

The collaboration and camaraderie within our team have been a constant source of inspiration. We have faced challenges head-on, supported one another in times

of need, and celebrated our triumphs as a united front. Together, we have woven a tapestry of memories that will forever be etched in our hearts.

As we bid farewell to this chapter of our journey, we want to extend our warmest wishes to the upcoming board. May your path be filled with boundless creativity and incredible discoveries. May you continue to build upon the legacy we leave behind and inspire future generations with your unwavering commitment to making a difference.

To each member of the editorial and design team, thank you for sharing your talents, ideas, and dedication with us. It is your unique spirits that have elevated our work and made this experience truly extraordinary. Let us cherish the friendships we have formed and the memories we have created, knowing that our collective spirit will endure long after our paths diverge.

## Sports and Recreational Activities

As the Sports Director, I am delighted to reflect upon a remarkable year filled with sportsmanship, camaraderie, and genuine sports qualities that we have showcased throughout our participation in various sports events. Throughout the year, we have not only showcased our sporting prowess but have also fostered lasting friendships with other clubs. Our interactions and experiences with fellow sports enthusiasts have been instrumental in promoting unity and camaraderie within the larger Rotaract community. It is through these connections that we have truly exemplified the ideals of friendship and goodwill that define our club.

During the year we organized the "Mora Smash" badminton tournament as a collaborative initiative with Rotaract Club of University of Moratuwa. "Sports Buddy" was conducted during the year to create fellowship among club members while focusing on physical well-being. Also, we participated in the "Rotaract Champions League" for cricket with our enthusiastic sportsmanship.

I want to take this opportunity to express my heartfelt gratitude to all the members who have contributed their time, effort, and enthusiasm to make our sporting events a resounding success. Your unwavering support and passion have played a vital role in our achievements,

and it is a privilege to work alongside suchdedicated individuals.

As we look ahead to the coming year, I encourage all members to continue embracing the values of sportsmanship and friendship that have defined our club. Let us strive to maintain the same level of enthusiasm, teamwork, and determination in all our sporting endeavors. Together, we can continue to inspire others and be a beacon of sportsmanship within the Rotaract community.

Rtr. Madura Cooray

I would also like to extend my gratitude to the Board members of Rotaract Club of University of Moratuwa for their continuous support and collaboration. Your guidance and encouragement have been instrumental in our success, and we are grateful for the strong bond we share.

## Special Projects

We are thrilled to share with you the tremendous success of the Special Projects Avenue and the Project TogetherSL which has been a highlight of this year's endeavors at the Avenue. Our focus has been on serving school children who face difficulties in their learning journey, with the primary goal of providing them with the necessary support to uplift their technical literacy, which has become increasingly vital in today's world.

Throughout the year, we have worked tirelessly to extend a helping hand to these young learners, aiming to bridge the gap and empower them with the essential skills required to thrive in the digital era by facilitating access to educational resources.

None of this would have been possible without the tremendous support and collaboration of all our partners and members of the club. We extend our deepest gratitude to each and every one of you who contributed to the success of Project TogetherSL. Your unwavering support, dedication, and belief in our cause have been instrumental in driving positive change and uplifting the lives of these deserving school children.

As we look back on this remarkable journey, we carry with us the memories of the bonds we have formed, the knowledge we have shared, and the impact we have made together. It is through the collective effort and generosity of individuals like you that we have been able to create a lasting difference in the lives of these children and their communities.

Rtr. Prarthana Gamage

As we move forward, we are filled with renewed energy and determination to continue our mission of making a positive impact in the world. Together, we can create brighter futures for the children we serve and inspire hope for a better tomorrow.

Thank you once again for your unwavering support and for joining us on this incredible journey. We are grateful to have you by our side, and we look forward to your continued support as we strive to uplift and empower even more young minds in the years to come.

The End
